VOLUME LXXXIII. PITTSBURGH, MONDAY, OCTOBER 12, 1868. NUMBER 244.

The Pittsburgh Gazette.

THIS EVENING'S DISPLAY.

The watch-fires will all burn brightly this evening in Allegheny. Her loyal citizens will vindicate their zeal and readiness for to-morrow, by a magnificent torchlight demonstration which will be worth going from far and near to see. It will be brilliant and it will be orderly, and we predict the finest and most enjoyable display of the campaign. Every good Union man will have his buildings illuminated, in honor of the occasion and of the cause.

MORE BLOOD WANTED.

Said a popular Democratic orator at Washington the other night: "We will wade through a sea of blood, before we will allow the Radicals to rule out the electoral vote which Virginia means to cast in defiance of the laws of Congress." That fellow will be at his party headquarters to-morrow night, watching for "straws" from the old Keystone. It depends upon *all* of us, friends, to say in what state of mind he shall go to bed.

WHO IS A VOTER?

Every white male citizen, of the full age of twenty-one years, who has resided in the State one year, and in the district in which he should offer to vote ten days immediately preceding the election, and has paid a State or county tax within two years, has a right to vote, and none others; except that sons of voters, between the ages of twenty-one and twenty-two years, otherwise qualified, may vote without having paid taxes.

STAND BY THE WHOLE TICKET.

Every name upon the State and county tickets of our Republican friends, in Allegheny, is the name of an honest, faithful and capable citizen; many of them have been tried, some in civil life, some in the military service of their country, and not one of them has been found recreant to the trust, Will *you* go back on them *now, when every public interest is at stake?*

THE TAIL OF THE DEMOCRACY.

This is the honorable position which that party assigns to such Republican workingmen as they can humbug into voting for BURTT to morrow. Elect him, and see how the *Post* will boast of its Democratic victory. Probably it would inscribe BURTT'S name in the largest type upon one of the tail feathers of its solitary rooster. A queer place for the name of a loyal citizen!

THERE IS BUT ONE ISSUE.

Peace and the Supremacy of the Written Law, on the one side; Anarchy, Bloodshed and Ruin on the other. That's the sole issue for to-morrow's vote to decide. Whichever way goes the State in October, it will be justly considered as significant of her Presidential preference, and will be everywhere counted accordingly.

VOTE EARLY!

The sooner your vote is in to-morrow morning, the more time you will subsequently have for doing any other good work for your cause. *Arrange your business to-day*, so that you can go to your polls the first thing after breakfast, and stay there until your ballot is deposited.

WATCH THEM.

Fraudulent naturalization papers are about as plenty as the genuine. While no obstacles should be put in the way of any lawful vote, it is not only proper, but an imperative duty to shut out all illegal votes. Calmly, but vigorously, do your duty in this particular!

DON'T WASTE YOUR POWDER.

Vote the whole ticket, friends, and thus make sure of your own title to join in the good time, when returns are coming in to-morrow night. Don't waste a single round in split or scratched tickets!

LET no Republican be misled by the half spoken opinion of the *Leader* that THOMAS WRIGHT, the Democratic nominee for City Controller, is a member of the Republican ranks. He is not. Pearls are not found in gutters, any more than are men having the least claim to the principles of loyalty found on Democratic tickets. The Republican who will vote for WRIGHT helps on the cause of SEYMOUR and BLAIR.

MR. JAMES L. GRAHAM may well be proud of the fact, that although he has been in political life for many years, he has so performed all the duties laid on him as to win and retain, to a peculiar degree, the confidence of the party to which he belongs. As he had no contest before the Nominating Convention, so he will, in point of fact, have nothing deserving of the name before the people to-morrow.

HAVE you heard from Indiana? The Democratic candidate for the Vice Presidency is credibly reported to have got helplessly "discouraged" at Greencastle, in that State, on Thursday last. All the result of a momentary forgetfulness of his principles, and too much partiality for a *black* bottle! Let us have consistency!

MR. MCGOWAN, the candidate for City Controller, has encountered some opposition in the Republican ranks, but nowhere near as much as has been pretended. He is in no danger, whatever the Democrats may pretend to the contrary.

MR. SAMUEL ALLINDER has withdrawn from the position he held as an independent candidate for the office of City Treasurer.

HOW MANY TICKETS?

At the October Election, in all the districts of Allegheny county, outside the city of Pittsburgh, each voter will deposit two tickets.

1. One ticket embracing the names of all State officers voted for, and to be labelled "State."

2. One ticket embracing the names of all County officers to be voted for, including Senator and members of Assembly, and member of Congress, and to be labelled "County."

In all the districts included within the present limits of the City of Pittsburgh, there will be these two tickets and three more.

3. One ticket embracing all City officers to be elected, that is to say, this year, Mayor, Controller and Treasurer, and to be labelled "City."

4. One ticket embracing the names of all candidates for City Councils to be voted for, and to be labelled "Councils."

5. One ticket embracing the names of all School Directors and other Ward officers to be voted for, and to be labelled "Ward." This ticket will include all candidates not embraced above.

SPOT THEM!

Our Committee spoke "by the book" in warning Republicans to look out for illegally colonized votes. We learn that many small public houses, boarding houses and all other places readily available, are filled with strangers, whom, there is reason to think, the opposition have brought to this city from adjoining States, to vote illegally next Tuesday. We urge our friends, in every voting precinct of these cities and county, to keep a sharp lookout for new faces, and put the law in force, at the first overt act of fraud on the part of these strangers. We urge this matter upon the special attention of our Vigilance Committees and Challengers, as well as of the Election Boards.

MR. GEORGE WILSON has served the people of this county in the Legislature with rare intelligence and fidelity, and so as to command in an unusual degree the confidence of the people of the entire State. He is now up for re-election, and will receive, as he merits, the unanimous and hearty support of the Republicans.

Messrs. JAMES TAYLOR, MILES HUMPHREYS, VINCENT MILLER, SAMUEL KERR and Col. GEORGE F. MORGAN, the other Republican candidates for Assembly, are all well and favorably known in this end of the State. They were selected with much care and when elected will reflect credit to our county, and prove the wisdom and judgment of the Convention which placed them before the people. Let no name be scratched from the ticket, for all are worthy the support of honest citizens.

TO-MORROW is the day of trial. A million of men in arms are not needed in this critical emergency to secure Liberty and Equality, Peace and Progress to the people of this country. A round and substantial Republican majority duly counted from the ballot-boxes, is all that is demanded.

That we shall carry the State, we do not doubt. But we are deeply anxious to have it carried so strongly as to render the verdict of the people decisive and irrevocable. That, too, we are confident, will be done. In such cases, however, confidence is good only when it leads to proper exertion. Friends! this is not a time to rest in hope, but to be up and doing!

OUR DEMOCRATIC FRIENDS need not borrow any trouble about the "Columbia Boys." The boys can take care of themselves, and when assailed, can take care of their opponents. They are men enough to repel indignities offered to their wives, sisters and mothers, or injuries attempted upon the building and material entrusted to their care, and to repel them effectually, no matter by what rebel mob they may be assailed. We have yet to hear of the first scintilla of proof that they have ever been the aggressors. And Allegheny may be proud of such "boys."

THE DEMOCRATS have published what purports to be a list of Republican "carpet-baggers" sent into the 21st district. At Blairsville, on Saturday last, a Democratic orator commenced reading this list. He had scarcely begun, when he announced the name of a merchant who has been settled in the borough six months, regularly doing business, and intending to remain and who, with more unction than suavity called the reader a liar. As the reading continued, the same emphatic interruption was given by other persons, similarly circumstanced, until the orator was confounded.

THE REPUBLICANS of this city have been specially fortunate in the selection of candidates for Councilmen. We should be glad to particularize individuals; but where all are so excellent such a task would be one of supererogation. What remains is to elect the largest possible number of them, and that will be about all.

SO FAR as capacity is concerned, Mr. MCGOWAN, Republican candidate for Controller, is the peer of MR. WRIGHT, the Democratic nominee for the office. Both are workingmen, but of opposite opinions in politics.

TWO OR THREE "lewd fellows of the baser sort" at Mayor BLACKMORE'S "meetings" and elsewhere, have been clamoring very loudly to attract the attention of this journal. We have no time for trifles now

REVENUE REGULATIONS.

The Internal Revenue Bureau has just issued regulations and instructions concerning the tax on distilled spirits supplemental to those issued in August last. No distiller's bond can be approved until his distillery warehouse has been provided and established under the act of July 6th, and no distillery will be permitted to start until a storekeeper has been assigned to such warehouse. No deduction will be made upon the capacity tax on suspension of work until the required notices are given to Assistant Assessor. Any distilling done at night, or at any other time when the Storekeeper is not present, is prohibited. From and after November 1st stamps for distilled spirits will be required and used in all cases as provided by law. The stamps are engraved and bound in book form, the books of tax paid stamps containing three hundred stamps each and others four hundred each. The value of the books, other than those of tax paid stamps, is $100 each, and the value of books of tax paid stamps range from $14,350 to $20,850, according to the number of gallons represented.

The instructions are specific both as to the duties of distillers and Government officers. The Commissioner says: "The abolition of the offices of revenue agents and inspectors throws an increased responsibility upon the local officers of the several districts, and it depends mainly on their action whether or not the provisions of the new law shall be carried out and illicit distillation repressed, and they will be held to a strict accountability for the enforcement of the law in their several districts."

RELIGIOUS.

Protestant Episcopal General Convention.

(By Telegraph to the Pittsburgh Gazette.)

NEW YORK, October 10.—Before adjournment of the Protestant Episcopal Convention yesterday, a vote on Judge Otis' amendment was taken by dioceses, resulting as follows: Clerical vote—yeas 15, nays 15; Lay—yeas 15, nays 16. So the amendment was lost.

Rev. Dr. Rylance, of Illinois, moved to concur in the resolution of the Bishops, which was also voted on by dioceses. The vote was: Clerical—yeas 24, nays 4; Lay—yeas 26, nays 3.

Several dioceses were divided and their votes were not counted.

Nebraska being thus admitted unconditionally, deputies were called and took their seats at to-day's session.

Mr. W. H. Battle offered an amendment to the Constitution that the following be added to Canon 12: "That a member of a Church removing from one parish to another shall be amenable to the jurisdiction and subject to the pastoral care of the parish to which he removes." Referred to the Committee on Canons.

The Rev. Dr. Goodwin, of Penna., presented the following memorial to the House of Bishops and the House of Clerical and Lay Delegates, &c: "The undersigned ministers and laymen of the Protestant Episcopal Church would respectfully submit to your venerable body the following statement and petition: There is a construction of section 6, canon 12, title 1, which forbids the officiating minister of one Church in any way or under any circumstances from officiating in certain territorial limits of parishes other than his own, without the express permission of the minister of the parish or a majority, if there be more than one. According to this a minister of one Church is forbidden to officiate within such territory, even in places of worship belonging to other Christian bodies, without such permission. He is forbidden to officiate for his own parishioners within such limits, and he is forbidden, although he be agent for some missionary and without a parish, to officiate within such limits even at the invitation of the minister of the Church in which he is requested to do so, if there be more than one minister in the city, until he shall receive the express permission of a majority of such ministers. To the question whether this was the true construction, your petitioners would express no opinion, but simply stating their conviction that the canon is inconsistent, at least in some of its applications, with the reasonable liberties of the clergy of our church, would respectfully ask it may be repealed, or so modified to apply only to unauthorized attempts for the formation of new parishes and the intrusion upon the actual acknowledged and enrolled parishioners of other ministers of this church. [Signed.] Wm. A. Muhlenberg, D.D., John C. Smith, D.D., Edward A. Washburne, D.D., A. H. Vinton, D.D., H. Dyes, DD., Rev. P. Brooks, Daniel Goodwin, D.D., L.L.D., Henry Montgomery, D.D. L.L. D., R. Bethell Claxton, D.D., Clement M. Butler, D.D., Richard Newton, D.D., Rev. R. T. Parvin, Rev. A. M. Morrison, Stephen Tyng, D.D., and others.

Referred to Committee on Canons.

Rev. Dr. Goodwin presented another memorial, signed in the main by the same parties, reciting: "It appears Canon 11, Title 1, is differently understood in our church. On the one hand it is claimed that it was originally intended to apply only to those falsely representing themselves as ministers. On the other hand it is claimed that it is intended to apply as well to ministers of christian bodies. In regard to the question of construction your petitioners would express no opinion, but in view of the diversity of interpretation and the difficulty arising from its literal application to lay readers, of the absence of any necessity which may formerly have existed of legislation in reference to those falsely claiming to be ministers, of the fact that the church has sufficiently expressed its mind on the subject of Episcopal orders in the preface to the ordeal, and finally of the inexpediency of any legislation which can be claimed to apply to a subject in regard to which it has been the wise policy of the church to allow diversity of opinion, your petitioners would respectfully ask that it be repealed, and thus by common consent the subject of the Canon, so far as it relates, if it relates at all to the question of Episcopal orders, may be left to the direction of the ordinal in the Book of Common Prayer. Referred to the Committee on Canons.

Hon. S. B. Ruggles offered the following: *Resolved*, That there shall be a Standing Committee of this house, to consist of five clerical and four lay delegates, and be designated a Committee on the Foreign Relations of the Church, who shall consider and report upon any proposition or subject connected with the intercourse, inter-communion or synodical union of this church with any other portion of the church Catholic the throughout the world.

Mr. Ruggles accompanied his resolution with the following points: 1st. The Christian Ecclesiastical duty of securing and establishing a more wide unity for the church. 2d. The question how far it will be necessary for securing

Referred to Committee on Canons.

this unity to surrender in whole or in part the ecclesiastical independence of the several branches in the different nations of the world. 3d. Can such surrender be made by the Protestant Episcopal Church in the United States, except by the concurrence of the three orders, Bishops Clergy, and Laity, constitutionally united in its government with co-ordinate authority. 4th. The progress made in the Churches of other nations in admitting the Laity as a branch of their government and the influence of that admission on their prosperity. 5th. The expediency of a separate Committee to collect, consider and report the facts connected with the above question. The resolution was made the special order for Wednesday next.

Rev. Dr. Stubbs, of New Jersey, presented a resolution amending paragrph 5, of Section 13, canon 3, title 1, relating to the duties and powers of Bishops, so as to read as follows: "Any Bishop or Bishops elected and consecrated under this section shall be entitled to a seat in the House of Bishops, and whenever a Diocese shall have been organized within the jurisdiction of each Missionary Bishop, he shall be the Bishop of such Diocese, and may accept the office without vacating his missionary, provided he continues to discharge the duty of Missionary Bishop within his jurisdiction, if there be residue.

A resolution, offered by Rev. Dr. Abercrombie, amending a canon so that part of the book of common prayer can be used for missionary purposes in place of the usual morning or evening prayer, was referred to Committee on Canons.

By resolution, the representatives of churches in foreign countries who are now in the city were invited to seats in the Convention.

Judge Conyingham, of Pennsylvania, offered a resolution in reference to the appointment of Assistant Bishops. Referred to Committee on Bishops.

Rev. Dr. Haight, from the Committee on Constitution, presented a report respecting the memorial from the Diocese of Georgia, referred to them, in which the provincial plan was suggested, the Diocesan Convention to be called a "Council," the Provincial Convention "Synod," and the National Convention a "Convocation." The Committee, after considering, had concluded the change was inexpedient, and asked to be discharged from further consideration of the subject. They were discharged.

A delegate moved the Committee of Arrangements be instructed to inform the Convention if the religious services each morning during the session of the Convention were to be the same as they were this morning.

Another delegate moved to table.

Carried.

The cause which drew forth this motion was chanting by a surpliced choir of boys, which is customary in Trinity Chapel, and which had been practiced as usual each morning of the Convention. It was not performed to-day. It appears a number of delegates objected to the presence of the boys and their surplices, and that yesterday over eighty delegates remained outside the church edifice while the chanting was going on inside.

Another delegate moved the choir of Trinity Chapel be hereby requested to give their assistance in the musical portion of the service as heretofore, and that they continue to give it during the remainder of the Convention's session.

An attempt was made to table the motion and Dr. Haight got the floor. He said he wished it to be understood the change in the musical portion of the service was not by request directly of any persons in the Convention. His reverend brother, senior minister in charge of Trinity Chapel, Rev. Dr. Swope, understood that the consciences of certain delegates were troubled by the presence or participation in service of "our little boys in their customary dresses," and he requested them to absent themselves this morning for the sake of peace. He hoped this Convention would not be disturbed with questions of this sort. It was a great sacrifice on the part of his reverend brother, on the part of the people of the Chapel, and on the part of himself (Dr. Haight) to make, but if there be those in this Convention who cannot come here and worship Almighty God according to our mode therein, he (Dr. Haight) for one was willing, though he could not understand such squeamish feelings and never experienced them in any strange church into which he went. He, therefore, for one, was willing to make the sacrifice for peace sake.

A number of delegates attempted to get the floor, but were shut off by the President announcing that in accordance with the terms of the resolution passed half an hour ago, the Convention now stood adjourned to 10 o'clock next Monday.

ENGLAND.

LONDON, October 10.—The preliminaries of a naturalization treaty, similar to that recently concluded between North Germany and the United States, have been arranged between Lord Stanley and the American Minister.

LONDON, October 11.—Mr. Gladstone's address to the electors of South Lancashire is praised by the Liberal organs, who contrast its frank and positive tone with the vague and negative utterances of Disraeli. The Tory journals do not take up the "no popery" cry of the Premier, but rest the claims of their party in the Parliamentary canvass on the brilliant foreign policy of the ministry, the success of the Abyssinian war, the necessity for the defense of the Church of England from the dangers by which it is menaced, and maintenance of strict economy in expenditures. On the latter point, however, they are sharply assailed by the whigs, who point out the inconsistency between the precepts and practices in the power.

The Chinese Embassy are making progress in their preliminary negotiations with the British Government. It is reported that Mr. Burlingame finds that Lord Stanley is not unfriendly to the policy proposed by China, and that he is ready to treat the question on the broad grounds of civilization rather than from the purely English point of view urged by the London *Times*. It is understood the Embassadors will be received by the Queen on the 20th inst. After their reception by the Queen the Embassy will make a visit to Paris.

SPAIN.

MADRID, October 10.—Teh Provisional Junta has issued a circular invoking all Spanish officials and citizens to join in preserving order, and thus prove that the revolution just accomplished was not anarchy or violence, but peace and justice. Elections for members of the Cortez are fixed for the 15th of November.

Olasga has left Paris for this city.

John P. Hale, American Minister, has called on Serrano and congratulated him.

Gonzallo Braves, Secretary, was mobbed yesterday and badly hurt. General Prim came upon the ground and made a speech to the rioters. He deplored any act of violence; he said the people could now afford to forget the wrongs of the former servants of the Crown.

MADRID, October 11.—The local Junta at Seville, at the request of the United States Consul, have granted permission to the foreign residents to build a Protestant church within the walls of the city.

The Alabama Legislature—A Ku-Klux Canard.

(By Telegraph to the Pittsburgh Gazette.)

MONTGOMERY, October 10.—The Legislature will adjourn at 12 o'clock to-night. News has reached here this morning of a terrible Ku-Klux outrage in Russel county, it being the murder of a loyal Probate Judge and clerk. Resolutions were offered in the House, calling upon the Government to have the county declared under martial law, and send troops there at once.

In the Senate a resolution was offered authorizing the Governor to offer a reward of $5,000 for each man engaged in the murder. Democratic members suggested that it was wrong to deprive the people without a hearing or a trial.

News has been received this evening stating that the whole report is false, and that neither of the alleged murdered men were hurt. The Governor received a dispatch stating there was not a word of truth in the alleged murder.

The Republican Demonstration—Base Ball Prize—Assassination—The Ku-Klux—Lottery Drawing.

(By Telegraph to the Pittsburgh Gazette.)

ST. LOUIS, October 10.—The Republican demonstration, which was postponed from Wednesday, took place last night, and was a very fine affair. The procession, almost wholly of uniformed men, was about thirty-six hundred strong, and was about forty-three minutes passing a given point. There were over three thousand torches in line. After passing through some of the the principal streets the procession halted at the Central Tannery, where an immense crowd had congregated and where speeches were made from four stands. There were also great throngs of people in the streets along the line of march, and much enthusiasm was manifested. A number of private houses were illuminated, and there was a fine display of fire works at various points.

The Excelsior Base Ball Club of Chicago won the prize of three hundred dollars offered by the Fair Association.

A Little Rock, Arkansas, special says Marcus Houston, was assassinated on the steamer Hesper, while lying at the wharf Thursday night. Registration has been broken up by the Ku Klux in several counties.

An examination of the books of the Paschall House Association, whose lottery was drawn on Friday, shows that the Paschall House, the Memphis residence, and one of the St. Louis residences, all valued at $315,000, were drawn by the association, they having 33,000 unsold tickets in their possessions.

Francis Nichols, a very promising son of General W. A. Nichols of Gen. Sherman's staff, died here yesterday.

Extra Assessment of Voters—Prospect of a Large Vote—The Naturalization Frauds.

(By Telegraph to the Pittsburgh Gazette.)

PHILDELPHIA, October 10.—The following will be of interest in view of the coming election here. The number of names placed on extra assessment this year, as appears by lists posted in several wards, is 21,834; last year the number was 11,004. The list of the number of taxables assessed in each ward at the regular assessment has not been prepared by the City Commissioners. The total number was about 139,000, making a total number in the city about 161,000. The highest vote ever polled at any election was 102,000.

In the Supreme Court to-day Judge Sharswood dismissed the motion for a rule on the Prothonotary of the Court to show cause why an attachment should not be issued against him for contempt. The Judge defends the Prothonotary at great length, and in the course of his decision says that he believes that the seal of the Court has been counterfeited, and that false naturalization papers are being issued with it. The effect of this will probably be that at the coming election inspectors will refuse to receive the votes of persons offering to vote on naturalization papers dated in September, which will throw out some ten thousand votes.

Indian Peace Commission.

(By Telegraph to the Pittsburgh Gazette.)

CHICAGO, Ill., October 10.—The Indian Commission, which has been in session here for some days, concluded their labors to-day. During the session a resolution was adopted, recommending that full provision be made at once to feed, clothe and protect all Indians of the Crow, Blackfeet, Grosventres, Sioux, Banca, Cheyenne, Arapahoe, Apache, Kiowa and Comanche nations, who now live or shall hereafter locate permanently on their agricultural reservations; also that the time has come when the Government should cease to recognize Indian tribes as domestic dependant nations, except so far as it may be requisite to recognize them as such by existing treaties and by treaties made but not yet ratified, that hereafter all Indians shall be considered and held to be individually responsible to the laws of the United States, except where it is otherwise provided in said treaties, and that they shall be entitled to the same protection from said laws as other persons owing allegiance to the Government enjoy.

Resolved, Further, that military force should be used to compel the removal into such reservations of all such Indianas as may refuse to go, after due notice shall have been given them that provision has been made to feed and protect them within the same.

Resolved, That in the opinion of the Commissioners the Bureau of Indian Affairs should be transferred from the Interior Department to the War Department.

Riot at a Democratic Meeting—General Fremont.

(By Telegraph to the Pittsburgh Gazette.)

INDIANAPOLIS, October 10.—A riot occurred at a Democratic meeting in Lebanon, Boone county, to-day, caused by the town marshal attempting to arrest a member of the white boys in blue for alleged drunkenness and disorderly conduct. During the melee a number of shots were fired in the crowd. Thos. King, the marshal, was shot in the head and seriously, but not fatally wounded. One of his assailants, Hazleigg, was shot through the thigh. Other disturbances occurred during the afternoon at a brewery and one man was badly beaten. Everything is quiet again to-night.

Gen. Fremont arrived here to-night. He speaks at Shelbyville on Monday, and will make the closing speech of the campaign for the Republicans here on Monday night. Senator Hendricks makes the closing speech here on Monday night for the Democrats.

Concealed Arms in North Carolina.

(By Telegraph to the Pittsburgh Gazette.)

NEWBERN, N. C., October 10.—In the correspondence between Gen. Miles and Gov. Holden of this State, the latter states that a box of arms was recently found concealed in this city by a certain political organization. The arms referred to were found in a house used for the meeting of the Union League, and were concealed in a coffin. Several coffins supposed to contain arms have recently been sent out in the country by prominent persons in that vicinity.

Wormald-O'Baldwin Prize Fight.

(By Telegraph to the Pittsburgh Gazette.)

PHILADELPHIA, October 10.—It is understood warrants have been issued by the authorities for the persons who are in Philadelphia arranging for the prize fight to come off between O'Baldwin and Wormald, also for their aiders, abettors and backers. Officers are on the look-out for them, and a large number are named in the warrants.

Supposed Murderer Arrested.

(By Telegraph to the Pittsburgh Gazette.)

NEW HAVEN, Oct. 11.—A man named Stephen Abbott, of Plymouth, has been arrested on suspicion of having murdered a man from Plymouth, named Bronson, whose body was found drifted on the beach near the city.

The Pittsburgh Gazette.

THE LAST FIGHT OF THE WAR.

Once more rings out the bugle call!
Once more the banner flies!
Once more the Boys are gathering,
Beneath the Autumn skies.
For Treason makes its final fight
Against the Rights of Man!
But the Flag we raise, as in other days,
And Grant is in the van!

We've heard that rebel yell before,
We've heard that traitor whi e—
When Riot roared in the Bowery,
And Lee had crossed the line.
But victory came in a blaze of flame,
That scorched the rebel clan,
For the Boys in Blue were stout and true—
And Grant was in the van!

Still raged the war: and grass grew green,
O'er many a soldier form,
Till Peace came, fair as a morning star,
After a night of storm.
And shall we now the fruits of peace,
To Treason tamely yield?
Not while a soldier wields a vote,
And Grant is in the field!

So close up the ranks and forward march!
Till the crowning fight is won!
While the sweet old music fills our hearts
With the soul of battles gone.
Our cau-e is blest; we cannot fail
Who strive for the Rights of Man!
The stars in their courses fight for us—
And Grant is in the van!

How the Democrats Manufacture Fraudulent Votes—How They Elected Two Senators and a Supreme Judge—Frauds, Wholesale and Retail, and Culminating in Murder.

Looking over the testimony in the contested election case of J. K. Robison vs. Samuel T. Shugart, we find on page 1406-7 of the *Legislative Record* the following evidence:

M. O'Meara, sworn—I was working for Mr. Collins, railroad contractor, on the railroad; I was pit boss; had from ten to twenty men under me at times; Patrick Gorman was walking boss; I was working four miles from Clearfield, east, twelve miles from the line, when James Collins and Patrick Gorman came to me and said they wanted to go to Centre county for ten days, saying their object was to carry the election; they said it was a Republican hole, and they intended running in enough votes to carry it; I took the men to Centre county; Colonel Skelly's gang went also; all that were at work went; the men east of me went; in and around Philipsburg there were about one hundred men the day of election; they were quartered at Mr. Keplar's, Mr. Gray's, Mr. Harris's and Mr. Donehue's; I was in Philipsburg all day, most of the time at the polls; the polls are in the same building; I gave two men Democratic tickets; Sheriff Perks and Mr. Lede distributed tickets; Lede was a walking boss on the road; I saw them giving the men the tickets; Sheriff Perks borrowed a sheet of tickets from me to have others printed; the tickets were all Democratic; about all that were on the ground voted; all had naturalization papers; obtained them, as was said, in Luzerne county; this one on the table is similar to those used; they were colored; the men said they obtained or arranged for the papers two miles out of Clearfield, on Saturday evening before the election, in a shanty kept by Mrs. Lynch; they said two lawyers came from Philadelphia, and after they were sworn, Lede took possession of the papers, and that he colored them with coffee; the day of the election the men were handed the papers; Mr. Lede at the same time furnished the tax receipt [a receipt shown witness, and identified as similar to those used]; I did nothing while in Philipsburg; I did not vote; saw all vote that I named; I had no Republican tickets.

Cross examined—I never agreed to vote my men on the Republican side; never said for $100 I would do so; I received money the day before and day after; of Mr. Crisman $25, of Mr. Johnson, day after, $60, of Sheriff Perks $12; I received of Rev. Father Tracy $500. * * * The $500 was given me two weeks ago last Tuesday to prevent me being a witness. * * * The priest came and told me that my evidence would be hard against the Democratic party, and he had $500 he would give me if I would leave. * * * I told the pries that I would take my family and leave for $2,000; Father Tracy told me he would let me know in a few days, and when we next met the priest told me that he had written for advice, and that Wallace thought that $100 per month was enough; I supposed it was Wallace, the Clearfield county lawyer; I told the priest I would take $500. * * * The men voted in borough and township; Michael Fallon and one other were in the country but a short time; the men told me that Lede took the two lawyers to Tyrone; the men went back to Clearfield county, after the election, where they lived in shanties; but fifty or sixty rods of the road is in Centre county; all the voters were challenged at the polls.

G. H. Ziegler, sworn—I was inspector at the October, 1867, election in Philipsburg; live there and am well acquainted; know a few of the Irishmen on the Clearfield railroad; a short time before the election, about eighty five Irishmen were brought into the borough; boarded at Gray's and Loyd's; they came some six or seven days before the election; thirty or thirty-five of them voted in the borough; Mr. Lede brought nearly all the men to vote; they all had naturalization papers; I objected to their voting on them; all but two or three of them were sworn; for the reason that my challenge was not sustained by the judge and the inspector, I toward evening thought it useless, as the votes would be taken, and there was no swearing any more of them. I told one man he could not vote after saying he had been nine months in the State; he went out and came back, saying he was mistaken, he understood me to ask how long he had been in the county; he then said he was in two or three years; another said he was nineteen years old; I handed him back his naturalization papers and tax receipt and he left; he did not vote; the papers were all dated September 28, 1866, Luzerne county, issued by Mr. Philbin.

[Page 1,415.]

Jane Moore, sworn—I was cooking at Keplar's Hotel previous to the October, 1867, election; Mr. Lede boarded there; Mr. Lede came out Friday evening and asked me if I would make him a pint of coffee; I made a peach can full for him; I took it into the dining room and gave it to him; there were two strangers with him; this was after supper; the table was cleared up; Mr. Lede had had his supper; don't know what he done with the coffee; I did not put any milk or sugar in it; he did not ask for it; never saw the strangers except at breakfast; they went away Sunday morning with Mr. Lede.

[Page 1439]

Rev. Thomas Tracy, sworn—I paid Michael O'Meara five hundred dollars a short time before this case commenced; I gave him the money in his own house in the evening, about a week or two before the assembling of the Legislature; he was to leave the State and remain out three months for the five hundred dollars; Mr. Gorman, boss of Collins, gave me the money to give him; the man who gave me the money was the only one who had any knowledge of the transaction, as far as I know; I had correspondence with Mr. Wallace on the subject of O'Meara's leaving the State; the only stipulation was that he should remain away three months; I understood it was for him to be gone until after the trial.

[Page 1 411.]

John Casey, sworn—I was working on the railroad for Mr. Collins at the October (1867) election; was boarding in Philipsburg, where I voted with the other men; Mr. Lede took me up to vote and gave me the naturalization paper, and I put it in; cannot read; am as ignorant as a baste; I put the paper in my pocket; cannot tell what became of it; I was never naturalized; never was in court before this; Lede told me to vote; I was working near Mr. Collins' store; came the day that O'Meara did to Philipsburg; I voted Democratic.

[*Note.*—This witness, on his return to Clearfield county, was waylaid and beaten with clubs, so that he died from his wounds. The Governor issued a proclamation offering a reward for the detection of the murderers.]

The Stampede for Grant—Democrats Everywhere Leaving the Party.

Below we give a number of additional facts in regard to the Democrats leaving the party of riot, murder, and rebellion:

Edgar Hill, one of the leading members of the Washington county (N. Y.) bar, heretofore a leading Democrat, is out in favor of Grant and Colfax.

Dr. Schutz, of New York, a leading Democratic German, has declared for Grant and Colfax, and is doing good work among his German fellow citizens.

The Germans of Indiana are turning over in large numbers for Grant and Colfax

Judge Lindsay, the Democratic nominee for elector, VIIIth district of Iowa, is now stumping for Grant and Colfax.

Hon. Dennis McCarthy and Gen. David S. Wilson, both prominent Democrats of Iowa, have taken the stump for Grant and Colfax.

Major General Gordon, of Indiana, one of the leading Democrats of the State, and strong in support of the party until after the New York Copperhead Convention, is now openly for Grant and Colfax.

General L. D. Campbell, Democrat, is sick of his party, and supports Grant and Colfax.

The Maryland Conservatives, who have heretofore supported Swann, are resolved to support Grant and Colfax.

The San Jose (Cal.) *Patriot*, a Democratic, but a loyal and national journal, is unable to go Seymour, and comes out for Grant and Colfax.

Col. William Brown, of Kentucky, who was a delegate to the New York Convention which nominated Seymour and Blair, having had fighting enough, announces in a speech at Nicholsville, in that State, made since the State election, that he would support Grant and Colfax in November. He thinks Seymour and Blair's programme means bloodshed and anarchy.

Calloway Nossler, Esq., of Crawfordsville, Indiana, a life-long Democrat, and very influential in that section of the State gladdened the hearts of loyal men in his vicinity by announcing he would unite with the Republicans this fall. He thinks, no doubt, that the revolutionists of the South would control Seymour, if elected, as they controlled the New York Convention.

The Buffalo *Commercial* says several prominant German business men of that city, who have been heretofore regarded as members of the Democratic party, alarmed at the revolutionary projects of the Copperhead leaders, will oppose Seymour and Blair with all their energies.

Chief Justice Pearson, of North Carolina, a well known "Conservative," prefers to support the Republican candidates this fall, because he sees danger in their defeat.

Mills J. Shinn, a leading Democrat in Wayne county, Indiana, has made a speech in favor of Grant and Colfax at Richmond, Indiana.

Gen. Lemuel Harris, formerly Mayor of Cincinnati, who has been a bitter opponent of the Republican policy, acknowledges his error, and will aid in securing its success this fall.

Eighteen members of a Democratic organization at Muncie, Indiana, called the "White Boys in Blue," and four members of a similar organization at Anderson, in the same State, have declined to support Seymour and Blair, and have joined the real "Boys in Blue" of their respective towns.

One hundred Jews in Chicago, who were Democrats up to the nomination of Seymour and Blair by the New York Convention, have come out for Grant and Colfax, and joined the "Tanner" clubs in Chicago.

Throwing Aside the Mask—Open Threat of Another War—The Southern Construction of the Constitution of Revolution.

Under the title of "The Constitution or Revolution," the Mobile *Register* of Sept. 21st says:

"Don't be alarmed at this caption, ye who are afraid to open your mouths so much as to chirp, least Radical liars by speech and pen follow their calling and wallow in their inevitable mire. This caption is at bottom, and should be boldly pronounced at the top, the key note of the struggle for the liberty of the nation, with usurpers and constitution-breakers. We say it should be otherwise, the American people have ceasad to deserve to be free. Say what you please about taxation, unheard of profligacy in the public expenditures, the infamous reconstruction, and that dark catalogue of public sins which will blacken the fame of the Radical administrators of this era on the pages of history, the vital thread in the tangled web of the times is that which is resisting the strain of revolutionists and usurpers upon the liberties of the people. What sense is there in fearing to read the word "revolution" at the head of a Southern Democratic paper, when for nearly eight years the nation has been rocking in the throes of the greatest revolution of modern times? Grant and Colfax elected, and the High Priests of the Usurpers assured of power for another four years, and *this* revolution against constitution liberty will have been completed. We, therefore, only assert inevitable when we repeat, "The Constitution or Revolution."

The Blair Democracy in Texas.

The fact that Lovell H. Rousseau, lately appointed Brigadier General in the regular army by President Johnson, is in command of the military district including Texas, is a sufficient reason for the absence of official information at army headquarters of the situation in that State. Private and most reliable accounts from army officers to friends here state that the country in the vicinages of Marshall and Shreveport is overrun by robbers, that the roads are entirely unsafe except for considerable armed bodies; also, that a freebooter roams the country with over one hundred and fifty men, well mounted and armed. About the first instant they captured a train of forty Government wagons loaded with supplies openly. The commanding officer at Sulphur Springs, Texas, a post garrisoned by a small company of the 26th Infantry, had sent express to Gen. Hayden, commanding at Marshall, stating that if not reinforced, his garrison, which was surrounded, would be slaughtered. A company of the 15th, and fifty picked men beside, had just started to reinforce him. Another letter from reliable military sources, adds that when the train was captured, the Kuklux freebooters not only burned the wagons, but murdered the drivers, all of whom were colored men. The comments on these facts in military circles are anything but complimentary to Gen. Rousseau. Army officers of every grade who are cognizant of the facts, say that their comrades have been jeopardized by his violent political prejudices in favor of Seymour and Blair, which have induced him to withhold information regarding the actual condition of affairs in his command.

River and Weather.

[By Telegraph to the Pittsburgh Gazette.]

LOUISVILLE, October 10.—Weather clear and pleasant. Five feet of water in the river.

ST. LOUIS, October 10.—Weather clear and pleasant.

RIVER NEWS.

The river continues to recede slowly, and navigation at this point is about suspended. There is but little over two feet in the channel, and even low water boats can do nothing at present prices of freights. The weather continues clear and pleasant, and seemingly settled.

The Kenton, Tennessee and Ida Rees No. 2 constitute the arrivals since our last report. The Ida Rees double-tripped it, having been compelled to put off some freight below, and then go back for it. The Kenton was detained forty hours at Glass House.

The Bayard is laid at McKee's Rocks, and the Armenia is laid up at Wheeling.

The Tennessee and Kenton got off again on Saturday night or Sunday morning, we know not which.

The Economist broke her pitman near Sbousetown, but she procured a new one, and proceeded on her journey on Friday.

The towboats Dick Fulton and Stella have arrived at New Orleans.

The Yorktown and Wauanita were at Louisville on Friday.

Capt. Abrams sold the Tahlequah at New Orleans last Monday to Capt. Blanks, for $13,000.

Capt. S. B. Hempstead, of Hanging Rock, is negotiating for the Elisha Bennett, heretofore running from Pittsburgh and Brownsville, for the Portsmouth and Parkersburg trade.

The America arrived at St. Louis on Thursday last, and the Bellevernon and Leonidas were expected to arrive on Friday.

The Camelia, in command of Capt. Thos. Poe, is announced for Nashville.

—The Glasgow left Louisville for Pittsburgh on Friday.

—The Belle Lee has laid up at New Orleans on account of dull times.

—The Glasgow was advertised to leave Cincinnati for Pittsburgh on Saturday.

—The America, en route from Pittsburgh to St. Louis, passed Evansville on Thursday.

—The Argosy arrived at Evansville on Thursday, where she will go on the dock for repairs.

—Captain C. D. Pratt, the other day, bought of J. B. Ford, of New Albany, the steamer Comet for $6,000—a very low price.

—The Thompson Dean was visited at St. Louis on Thursday by large number of citizens and steamboatmen, and it is said that she will load there for New Orleans.

—The Bridge Company, at Louisville, have commenced operations again. Several new derricks have been raised in the place of those which were washed away by the late rise, and the work will be pushed rapidly forward.

—The St. Paul *Press*, of Sunday, says: The departure of the morning boats was marked with the usual squabble and contest for passengers, after which the wharf subsided to its usual quiet state. Business is not very brisk just now, but all the boats do a fair trade.

—The Cincinnati *Commercial*, of Saturday, says: The J. N. McCullough returned to Pittsburgh thronged with people and loaded to 3½ feet. She has 600 bales of hay at $5 to $6 per bale. The non-arrival of the Anderson and Telegraph, on time, gave her an unusually large trip of people.

—The St. Louis *Republican* says: We heard yesterday of a gay piece of impudence on the part of the President of the "man and steamboat trap," known as the Quincy railroad bridge. It appears that Capt. Abe Hutchinson, one of the principal owners of the sunken steamer George D. Palmer, went to Quincy to look after his interests, and, at an early hour on Monday morning, was served with a note from the Quincy Bridge Company, signed by the President, wherein he was politely but imperatively required to remove the wreck of the sunken steamer, as it was an obstruction to navigation. A bridge company calling a sunken steamboat an obstruction to navigation certainly reminds one of the table wherein a pot called the kettle black.

—The St. Louis *Times*, of Tuesday, says: About 11 o'clock yesterday morning the employes on the steamer Lady Gay were startled by the report of a pistol from the clerk's cabin. Captain McAllister, who was aboard, immediately hastened to the spot and found John A. Tatum, clerk of the steamer, weltering in blood, grasping in his right hand a new derringer. He was unconscious, and the supposition at the time was that he had attempted suicide. Every effort was made to resuscitate him, which was unally accomplished. From his statement to Capt. McAllister, it appears that he had purchased a pair of new derringers, and while carelessly handling them shot himself, the ball taking effect very near the temple. The wound was at first thought fatal; but he was removed to his residence on St. Ange avenue, where skillful surgeons were called in, who pronounced the wound dangerous, though not necessarily fatal. He is a young man of good promise, is married, and is spoken of highly by the officers of the steamer, of which he is the first clerk. We sincerely hope his recovery may be speedy and certain.

We clip the following from the Louisville *Democrat*: The Glasgow, all the way from Pittsburgh, hove in sight yesterday, and thinking this port was Memphis and the wharfage bill had not been repealed, she started on over the falls. The pilot, coming to the falls, became satisfied this was not Memphis, but Louisville, and turned back and came up to the wharf in fine style.

ON OUR seventh page we publish a carefully prepared digest of the election laws, which will be of interest to all citizens.

LET NO aged or infirm Republican voter be forgotten to-morrow. See to it that every one is carefully brought to the polls before noon!

ONLY TWO DAYS remain! Give them to work—energetic, intelligent, well-directed,—and a magnificent and decisive victory will be won by the Republican host. Work, friends, work!

ONE of the *Post's* roosters was allowed to display his bravery on Saturday last, in honor of Delaware. That will prove the final appearance of any of those birds, during the present season.

MR. COCHRAN, the Republican candidate for City Treasurer, was nominated upon his personal merits. The slight opposition that existed against him, and which never amounted to anything, has entirely disappeared.

WHOEVER wants to carry the State for GRANT and COLFAX in November, should vote for HARTRANFT and CAMPBELL to-morrow. Take care of the thirteenth of October, and the third of November will take care of itself.

MR. HENRY LAMBERT, candidate for County Controller, will hardly have any opposition. The people look for worth, rather than politics, in supplying this important office, and no gentleman in Allegheny county is better fitted for the position than our candidate.

WHEN LEE and his army were in extremity, GRANT ordered SHERIDAN to "push them." SEYMOUR and his followers only need pushing to have their weakness made manifest. There are but two days more for this purpose. At every point, then, "push them!"

THE WAY to make GRANT and COLFAX's majority in Pennsylvania, at the November election, from forty to sixty thousand is to make HARTRANFT and CAMPBELL's majority to-morrow from fifteen to twenty thousand. Republicans, act heartily upon this suggestion, and the campaign from October 13th onward will be a gala-day promenade!

ON OUR seventh page will be found an extract from an able and patriotic speech recently made by Colonel ARCHIBALD BLAKELY, reviewing the military service of the gallant and intrepid General J. S. NEGLEY, our candidate for Congress. Let no one fail to read every line of the tribute paid by a brave soldier to his former companion in arms.

JUDGE H. W. WILLIAMS.

Upon the resignation of Judge STRONG, of the seat held by him on the bench of the Supreme Court of Pennsylvania, this gentleman was promptly appointed by Governor GEARY as his successor. In view of the shameless manner in which the business of Naturalization is conducted in Philadelphia, many eager Republicans have been intensely anxious that Judge WILLIAMS should accept, be sworn in, and, in connection with Judges READ and AGNEW, prescribe rules which shall compel the other Judges to a decent, orderly and honest execution of the law. They censure Judge WILLIAMS, urging that he ought, without hesitation, either to have accepted or declined the appointment. A statement of facts will show these persons wherein they are mistaken.

At the last meeting of the Supreme Court in Banc, SHARSWOOD was assigned to hold Nisi Prius in Philadelphia in September, THOMPSON in October, and READ in November. In view of past experience alone, it is not difficult for any man of sense to determine why these assignments were made. In view of what has since transpired, even the dullest intellect can see therein an arrangement for a partizan purpose. When these assignments were under consideration, Judges READ and AGNEW should have spoken if they had anything to say.

After these assignments were made, the Supreme Court, adjourned to meet in Banc, in Pittsburgh, on the 19th day of the present month. No provision of law exists for a special meeting in the meantime. Until that meeting, Judge WILLIAMS, in case he should accept, cannot be regularly sworn in, and enter upon the performance of the new duties. Even if he could rightfully have qualified a fortnight ago, and thus have become a member of the Court, it is not easy to see how he, READ and AGNEW could have changed the previous assignment of Judges to hold Nisi Prius at Philadelphia. Whoever professes to see how this thing could have been done, will probably find reason to revise his opinion when he shall have fully and dispassionately investigated the case, The fact is, that SHARSWOOD and THOMPSON were exactly where they wanted to be, and have used the opportunity to suit themselves and their political friends.

In addition, in justice to Judge WILLIAMS, it ought to be understood that his wife is far from home, and seriously sick, and that his eldest son is so sick here at home as to require his almost constant personal attention. If the legal points of this matter stand as we have stated above, no damage can come to any public interest by the fact that Judge WILLIAMS takes time to deliberate; otherwise he would have promptly declined. In due season, he will decide as his judgment, under the circumstances, shall demand.

THE CONTRAST.

They say comparisons are odious. Yet, sometimes, they are just and needful. Take, for example, the two Mayors of these twin-cities, DRUM, of Allegheny, and BLACKMORE, of Pittsburgh; put out of sight, if you will, the entire official career of each, previously; forget, if you choose, how a common consent, in each municipality, has, long since, honored the one as adorning his office, and deplored the ill-fortune which committed the repose of a great city to the custody of the other's feeble and irresolute hands; apply to the comparison only such standards as are afforded by very recent events, and the connection of their names, even for this comparative purpose, becomes itself an injustice to the one meritorious magistrate.

Mayor DRUM knows how to keep the peace, and executes his duty fearlessly, promptly and impartially; he enforces the laws; protects every citizen in his private and public rights, represses disorder, punishes outrage and his constituency sleep soundly o' nights, confident that everything is well with an officer who looks to the law for his guide. The other Mayor may know as much; certainly, with his private and irresponsible but notorious advisers, he ought to know a good deal, but his execution goes halting, purblind, stumbling and timid, at a safe distance in the rear of violence and riot. The one relies, for the preservation of the public peace, upon the laws, the cordial support of good citizens, and the stout arms of his efficient and ever-present police; the other ignores the laws, disgusts the good men who wish to support him, runs his police organization as a partizan electioneering machine, and commits the repose of the town to the sufferance of rowdies and the self-denial of its outraged people. One is the champion of peace; the other is the friend of its lawless disturbers; one is a municipal GRANT while the other is a reduced pattern of BLAIR.

Let us BRUSH the latter out of the road, by way of getting our hands in for November!

CLOSE UP! CLOSE UP!

Union men of the Keystone! You have the centre, and must hold it against all odds. Ohio leads the right wing, and thirty thousand majority will crown her triumphant assault to-morrow. Indiana takes care of the left, and promises twenty thousand majority for the old flag. It is for the centre to match them, and surpass them in loyal deeds. We can do it if we will. Let us march our column of three hundred and thirty thousand Union voters, to-morrow, all in one solid phalanx, no stragglers, no faint-hearted ones to fall out by the way, straight into and over the enemy's lines, and to-morrow night we will call the roll of honor under our victorious eagles.

With hearts simply animated by the resolve to do our whole duty, the Union men of Pennsylvania *cannot be whipped; it is not among the possibilities!* Let that conviction nerve our hearts and strengthen our arms, and among the triumphs of Peace to-morrow's shall be the most glorious.

THE Republicans of this city never had a better list of candidates for municipal offices than they have now. They owe it to those candidates, as well as to themselves and principles, to stand by them.

"PASSION" IN THE WRONG PLACE.

A few days ago Mayor BLACKMORE informed the men engaged in the police service of this city, that if any of them failed to contribute efficiently by personal efforts to his re-election, he would dismiss them as soon as the result was known. Considering that he was just then urging the Councils materially to increase the force subject to his orders, under pretense of keeping the mud-larks quiet, this was cutting deep. Some members of Councils, ascertaining what threats he had used with the police, told him that a report to the effect stated was in circulation. That was a mild way of putting the case. He denied positively that there was even the slightest truth in the report, protesting that all he had said to the men was that, *if they did not do their duty, he would dismiss them.* He was then informed that the men themselves made the charge against him, and offered to make oath to its accuracy. To this he answered, that *many of the men would swear to anything.* When asked why he appointed persons of such character to serve as policemen, or why he continued them after finding them to be such, he saw he was caught in his own trap. He then admitted that he had said to the men exactly what they had reported, but that *he did so in a moment of passion*, and did not mean to fulfill his threat.

All the comment we have to make is, that no genuine Republican will aid in re-electing as Mayor a man *who is liable to gusts of passion of that particular kind*, and who has neither passion nor nerve when the public interests require either or both.

A POINT IN THEIR GAME.

To our Union friends, in whatever part of this Commonwealth, whose Legislative ticket is endangered by schisms or local heart-burnings, we address an earnest exhortation to bury all their trivial causes of difference and come up squarely and heartily to-morrow, *all of you as one man*, and vote your regular nominations. You have exhausted all the advantages to be gained by protests and objections hitherto; you have said and done enough to satisfy your political friends that you have a right to be heard; you have done yourselves all the good that is possible; unless you come in and vote the whole regular ticket to-morrow, you will be playing directly into the hands of the opposition, who will take all you give them and never thank you for it.

Remember that they are playing their game expressly for the purpose of winning the close Legislative districts, particularly for Representatives, so securing next winter's U. S. Senator. Don't play into their hands, Republican friends, but give a united and full vote for your own regular tickets, thus securing the Senator, the control of State legislation, the election of HARTRANFT and CAMPBELL, and the voice of the old Keystone in its moral influence for GRANT and Peace.

GIVE TO-DAY.

Republican reader, friend of the Union, of Peace and of GRANT, to those preparations which shall secure to-morrow's success! go all the rounds of your precinct; see the doubtful, labor with them, and, if need be, stick to them until to-morrow's polls open, or until you have won them safely over to the cause of the Republic! Re-assure the timid, although we doubt if you can find any such! Awaken the careless, whom we always have among us! Enjoin upon all the need for voting early! Watch for strange faces suddenly haunting your locality, mark their burrows for the night, and investigate in season the claims which they have come to put in to-morrow. Let no "colonist" find your challengers unprepared. Select your good men for bail or election-boards, to be ready, at a moment's notice when wanted. Consult your canvassing-committees; go over the lists, and mark the bad spots in them with diligence and zeal. Give this day and the evening heartily to the cause which we all love, and it shall be crowned with such a triumph to-morrow as will make *you* feel happy, when you go to the City Hall to hear the returns, and can then say that *you* helped to some purpose.

THE MUNICIPAL TICKETS.

We print below the second section of the Act of Assembly, of last spring, "supplementary to an act incorporating the City of Pittsburgh."

"SECTION 2. That the qualified voters of said city of Pittsburgh, at all municipal and ward elections, shall hereafter vote by tickets printed or written, or partly printed and partly written, severally classified as follows: One ticket shall embrace the names of all city officers voted for and be labelled "city;" one ticket shall embrace the names of all candidates for the city councils voted for and be labelled "councils;" and one ticket shall embrace the names of all school directors and other ward officers voted for and be labelled "ward;" and each class of tickets shall be deposited in a separate ballot-box, and the return of votes for city officers and members of councils shall be made and counted in the same manner as heretofore provided for city elections, except that the same shall be returned to the Mayor within three days after said election, and by him delivered to the councils on the day of their organization."

Our municipal and ward elections, to-morrow, are thus to be conducted with *three* separate tickets: 1st. "City;" 2nd, "Councils;" 3rd, "Ward," to be separately voted, counted and returned. The election-boards, as well as the voters, will keep the law in view.

THE EVENTS of the last few weeks have taught the people of Pittsburgh the necessity of having for Mayor a man who has brains, force—power to organize and direct. Mr. JARED M. BRUSH, the Republican nominee, has all these qualities in a marked degree, and his election—which is beyond contingency—will be hailed with delight by the friends of order and competency, without distinction of party.

DEMOCRATS are affectionately advised not to put up any money on Connecticut, on the strength of "special telegrams" to the New York *World*, or Pittsburgh *Post*. Let the brethren remember how they have been knifed in this way already, in the case of Maine!

THEY SWINDLE EVERYBODY.

The debauched and thoroughly corrupted opposition party seem to make it their study in this canvass, to see how completely they can disgrace the time-honored and honorable Democratic name. Frauds, perjuries, murders, rebellions, dishonesty and lawless violence everywhere, and nowhere honesty or good faith. Even thieves are said to have some conscience with their own confederates, but the BLAIR party have got too far down even for that. Their last push has been to throw dust in the eyes of workingmen, by deluding them with specious and hollow "arguments," reckless and false assertions of fact, and treacherous propositions for combinations. This is only to give them another field for cheating, and as they are improving it in Cincinnati, so they will in Pittsburgh, in some way before the polls close to-morrow, if they have a chance. CARY, whom they brought here to flourish his gold-headed cane in the support of BURTT, is *abandoned* by the Cincinnati Democracy, in order to save their own man, STRADER, in the district adjoining. To our own working-men we commend this last proof of Democratic good faith, for their thoughtful consideration.

THE INWARD CONSCIOUSNESS.

There is many a Democrat, who thus says to himself; "SEYMOUR is a gentleman; he is a Democrat life-long! I could support him and feel that I was doing myself and my party justice. But BLAIR is a renegade, a violent, bad man, a disturber of the public peace, an incendiary whom even our Radical opponents are glad to be rid of; he is a libel upon the time-honored, law-abiding and honest Democracy which I have loved, and my old political faith shall never be dishonored in *his* election, *by my vote.* Honor and duty alike demand that the Democracy be purged of such fellows, of their infamous principles and of their treasonable backing. My party and its early principles, of the old JACKSON days, are worth more to me than a temporary but fatal success. We gain more, and in a nobler sense, by the defeat than by the election of *this* ticket. We have little to lose, and much to gain by the election of GRANT, and elected he must be, *for the redemption of a purer Democracy, and I will vote accordingly.*"

The citizen, who reasons thus, loves his party *because* he loves his country first, and prays for its prosperity and peace.

POST THE LEDGER!

Vermont. Official canvass, Republican majority for PAGE, 27,326, and three towns to hear from.

Maine. Returns nearly all officially complete, give a Republican majority of 20,404.

Colorado. The election of the Republican delegate is conceded by an increased majority.

New Mexico. The Republican delegate to Congress chosen by a decisive vote.

Connecticut. Full tables from 110 towns out of 164, being *all* that are so far officially reported, give a Republican gain of 2,626. Non-official returns from the remaining towns will swell this majority to 4,000, against about 1,700 Democratic majority for Governor last spring.

To relieve HORATIO SEYMOUR's anxiety about *his* "victories," we have looked all through the books and can find none whatever. We will send him the mourners to comfort him, after the polls close to-morrow.

TIMELY DISCRETION.

Why don't Mr. BLACKMORE follow the example of even a much better officer, and emulate Mr. ALLINDER's good sense in retiring from a contest so hopeless as to border on the ludicrous. Some good citizens might have supported the one, but good men, of no party, can conscientiously vote for the other. As a Democratic candidate for Mayor, he would under ordinary circumstances, secure a full vote from his party, but, as times are now, and as this incompetent official has dealt with them, no Democrat can afford to peril the security of his property, his personal rights and perhaps of his life, by sustaining the "friend" of all our lawless ruffians. The question comes too near the fireside and the pocket, and no party can expect such a sacrifice.

IS NOT ONE ENOUGH?

The people of the United States have to decide whether they will pay one debt or two. Hear what the Mobile *Tribune* says:

"One of the first things we will ask will be the assumption of the Confederate debt. This is precluded by the amendment known as the Fourteenth Article. But the Democracy deny that this amendment has been legally adopted. This, it may be said, is the result of the promise to Hampton, and is made as a guarantee of their good faith."

No true Union man is opposed to paying the debt contracted to put down the Rebellion; nor does one such intend the rebel debt shall be assumed by the national government. Remember this to-morrow, and keep it in mind for the month ensuing!

ON THE morning of the late Democratic Mass Meeting in this city, the *Post*, in view of what it knew of the vices of large numbers of its followers, pointedly admonished them not to get drunk, and to behave decently in other respects. This was creditable to the discernment of our contemporary. But the mud-larks, whom it endeavored to restrain, did not heed its counsels, but did exactly what it warned them not to do; and they have kept on doing so ever since. The *Post*, instead of continuing to remonstrate with its roughs, turns round and pitches into the Republicans, because they will not forego the exercise of their clear and unquestionable rights to use the public highways, in order to appease men whom the Mayor ought to hold in subjection to the laws. This change of base may be politic or crafty, in view of results to-morrow, but it only exposes our contemporary to the scorn of all good citizens.

LAST YEAR, the Democrats carried the Ohio Legislature, and at once gave proof of their actual spirit by disfranchising the crippled and wounded soldiers at the Soldiers' Home at Dayton, thus placing them on a level with paupers.

DON'T TRADE!

Make no compromises or bargains with your Democratic friends or acquaintances. Do your duty, and let them do theirs. All propositions from them for an exchange of votes, on portions of your ticket, are prompted by one of these two considerations; either they intend to take some covert advantage, or else they really desire to support one or more of your candidates. If the first be their motive, don't play into their hands; if the second be their desire, let them carry it out in their own way. This is better for all parties.

OUR JEWISH citizens cannot be ignorant of ADOLPH MOSES, Esq., the Democratic lawyer and political writer of Quincy, Illinois. He presided over the National organization of the Bnai Berith at New York, in July. On the 9th inst. he avowed his adhesion to GRANT in a very ably written letter, for the whole of which we cannot find space in these crowded columns. He alludes to Order No. 11, to the feeling it excited, to the efforts of partizans to use it to the prejudice of Gen. GRANT, to his own earlier disposition to go with the current, to his disgust at "the hollow lip-service" of the Democracy, to the forcible arguments of Mr. GREENBAUM, of Chicago, and to the evidence which his own correspondence with Gen. GRANT has furnished, and concludes with the declaration "that the best interests of our country are subserved by the election of Gen. GRANT, and I have no diffidence to declare it to the community."

THE STATE DEBT has been reduced since 1860 by the sum of $4,318,210, while the tax on real estate, amounting to $1,657,314 yearly, has been abrogated. Nor have other taxes been laid on the people at large to make up for this exemption. Considerably more than half—nearly three-quarters—of all the income of the State, is raised in Philadelphia and Allegheny county, and in ways not to touch the masses of the population. Taxes on corporations, auction dues and license fees, are the chief sources of this revenue. The Democratic Platform denounces this system, and proposes to substitute for it "the equal taxation of every description of property, according to its real value." Whoever wants his taxes increased will be sure to vote with the Democrats.

WE FEAR our Temperance element will commit a great error, if they persist in running an independent candidate for County Commissioner. They can accomplish nothing, and whatever cause for complaint they may have, will not be removed by an opposition to a candidate who will certainly be elected. They mistake the character and integrity of Mr. JONATHAN NEELY, who impute partiality or unfairness to him in the discharge of his official duties.

A SLIGHT COLD, COUGH,

OR SORE THROAT may be checked if a reliable remedy is applied at once, but if neglected very soon preys upon the lungs, and the result may prove fatal. The past few weeks of changeable temperature and cold rains are fruitful sources of troubles of the lungs, throat and chest. If you are attacked by a cold, no matter how slight, use at once

DR. SARGENT'S COUGH SYRUP,

Which is an old and well tried remedy for COUGHS, COLDS, ASTHMA, BRONCHITIS, and all Affections of the Pulmonary Organs.

DR. SARGENT'S COUGH SYRUP

Is entirely free from any deleterious ingredient, and can be given with perfect safety to the youngest child.

DR. SARGENT'S COUGH SYRUP

Gives sure and almost immediate relief to hoarseness and that annoying sensation, tickling, in the throat. If you would obtain a reliable remedy, be sure and call for

DR. SARGENT'S COUGH SYRUP.

If your Druggist does not keep it, ask him to get it for you.

NOTE THESE FACTS.

The object of this article is to call the attention of the feeble and ailing to *themselves.* Ordinarily, business, pleasure, in short, almost everything in this sublunary world obtains more consideration than the preservation of that blessing with which nothing earthly should be put in comparison, viz: *health.* This is a dangerous season, and it does not find the human system in the best condition to defy its perils. To use a homely phrase, the torrid summer weather "takes the starch out of people," and leaves them limp and languid. The fires of vitality burn low. The naturally feeble are unusually depressed; the naturally strong are not as vigorous as they might be. Seven-eights of the community feel more or less the influence of the atmospheric changes which produce the malarious diseases common in October and November. It is as a preventive against the effects of these changes that HOSTETTER'S STOMACH BITTERS have obtained no small portion of that celebrity. The Great Vegetable Tonic of the Age is not only a specific for Chronic Dyspepsia, Indigestion, Biliousness, and Nervous Complaints, but also a preventive of malarious epidemics. Whoever wishes to be insured against an attack of intermittent or remittent fever (both of which prevail to a melancholy extent all over the country,) will do well to resort, without delay, to this famous invigorating and anti-bilious specific. Quinine has had its day. It leaves a sting behind, and physicians are beginning to discard it. But HOSTETTER'S BITTERS become more popular and command a vaster sale with each successive season, simply because they produce a better medicinal effect than any of the powerful poisons used as tonics, and are at once a safe and palatable preparation.

DISEASED LUNGS.

There is no doubt whatever that diseases of the lungs, or ulcers of whatever sort, on any of the internal organs may be and are frequently cured, and a complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system, ulcers or sores, whether upon the lungs the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and carry out the animal economy all effete and used up material. Dr. KEYSER'S LUNG CURE is enriched by some of the most valuable plants and herbs known to be useful and curative in all deteriorated states of the human blood, and whilst it adds to its plasma, it at the same time stimulates, gently but effectively, the skin, the kidneys, the liver and the glandular system to sufficient action to enable the body to take on healthful action and eradicate the disease. The sick and afflicted should bear in mind the virtues of this great medicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no falling into declines and rapid consumption, so hopelessly incurable, and so most surely fatal. Let any one afflicted with any pulmonary disease try but one bottle, and they will be convinced of the value of Dr. Keyser's Lung Cure. Sold by the gross, dozen or single bottle, at Dr. KEYSER'S Great Medicine Store, 140 Wood St.

AN AUTOGRAPH LETTER FROM

GEORGE D. PRENTICE, Esq.,

Editor of the "Louisville Journal."

LOUISVILLE, Nov. 5th, 1866.

DR. LIGHTHILL—DEAR SIR: I am very sorry to learn that you contemplate leaving Louisville at the end of the present week. I earnestly wish that your engagement elsewhere might permit you to remain here for a longer time.

Your sojourn among us, Dr. Lighthill, will be long remembered by our people. It has been a blessing to many. You have treated me and a female member of my family with great success. You seem to me to understand, as by intuition, the character of a malady and its best remedy. You have a multitude of patients in this city, and I have not seen or heard of one to whom you held out the promise of relief without rendering it. Your entire practice among us has been a brilliant success, and I cheerfully recommend you to my friends and the public at large as a physician deserving the utmost confidence.

Hoping that you may live long to be a blessing to additional thousands of the afflicted, I am, very truly, yours. GEORGE D. PRENTICE.

TESTIMONIAL FROM THE

REV. JOHN NOTT, D. D.,

Professor in Union College, Schenectady.

SCHENECTADY, January 17th, 1866.

DR. LIGHTHILL—SIR: Having been cured by you of a discharge in an ear, which has been very offensive of late, and, far back as I can remember, always more or less so, and having been entirely restored to hearing since under your care, I feel that I cannot withhold this acknowledgment from any use it may be to others, especially as I have applied in vain to my family physician and other physicians of reputation. Yours truly,

JOHN NOTT.

DR. LIGHTHILL—DEAR SIR: I wish to express to you the appreciation of your skill as a practitioner, particularly in the relief afforded many afflicted with Catarrh; I, myself, having received permanent benefit from your treatment. Congratulating the afflicted in the West of an opportunity to avail themselves of your invaluable services, and wishing you much success, I am, yours very truly,

C. C. WAITE.

BURNETT HOUSE, February 9th, 1867.

TO MY FRIENDS AND THE PUBLIC:

It affords me great satisfaction to be able to testify to the success of Dr. Lighthill in the treatment of deafness, and express my sense of obligation to him. My hearing has been impaired for a number of years, at times to such an extent as to embarrass me seriously. Dr. Lighthill, under whose care I placed myself, has removed the difficulty completely, and restored me to perfect hearing.

MAYOR'S OFFICE,

PITTSBURGH, OCTOBER 7TH, 1868.

PROCLAMATION.

WHEREAS, Information has been received by me from a most reliable source, that certain persons are combining for the purpose of procuring weapons to be used in attacking political processions and public meetings, and committing other unlawful acts, I deem it my duty, as Chief Magistrate, to issue this, my Proclamation, enjoining on all good citizens to keep the public peace and to refrain from all acts calculated to endanger it, and in view of recent disturbances, I feel it incumbent on me to largely increase my police force, and will, if necessary, call to my aid the Sheriff of the county in order that the safety of the citizens may be secured, and I now hereby notify all violators of law and order, without regard to persons or parties, that I will faithfully maintain the laws, and will use my utmost endeavors to suppress riot and bring offenders to condign punishment, and I hereby invite all good citizens to aid me in the preservation of the public peace, and request the heads of all political processions and meetings to co-operate with me in the suppression of violence and disorder.

JAMES BLACKMORE, Mayor.

OCTOBER 7—10 O'CLOCK P. M.

The above Proclamation was written in full expectation that its public appearance this morning would be timely to prevent any encounter of citizens. The danger of the public peace has been anticipated by this night's events; and I now call upon each and every good citizen of this community, irrespective of all parties, to assist me by their individual influence in the suppression of that which would be regretted by our entire community, and for the first time stain the fair fame of Pittsburgh.

As a means toward accomplishing this good and desirable end, I earnestly suggest to the Clubs of either Party a complete cessation of all parades, now that the day of election is so near at hand, when the public peace must be preserved, for the sake of the undisturbed sacred right of the ballot.

This Company, National in its character, offers, by reason of the Larg Capital, Low Rates of Premium and Wide Basis, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes. Dividends and the misunderstandings which the latter are so apt to cause the Policy-Holders.

Several new and attractive tables are now presented which need only to be understood to prove acceptable to the public, such as INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, *an annual income equal to ten per cent. (10 per cent.) the face of his policy.* The latter the Company agrees *to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.*

The attention of persons contemplating insuring their lives or increasing the amount of insurance they already have, is called to the special advantages offered by the National Life Insurance Company.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, October, 10, 1868.

Repeated assurances that the Treasury Department will sell no more gold for some time, is construed by shrewd parties in New York as meaning that another lot will be sold during next week, especially Monday and Tuesday; the more so when parties well informed on the Treasury's movements are sellers. To-day, one-eighth per cent. has been paid for the loan of specie till Monday, which would confirm the report that lower quotations will be made during next week. The export of specie is confined to trifling amounts, whilst the demand for duties is large, and the cash gold on the market is rapidly being dimished. Exports are still backward, and the decline in gold is unfavorable to shipments for either cereals or cotton, yet we have a surplus, and it must be sold, if not at a high price, at figures that will suit the foreign markets.

Government bonds were dull and neglected during the day, and only at the close, some lots changed hands at better prices.

The stock market was very bouyant during the early part of the day, but at the close, there was a decline of about 1 per cent. on Erie, New York, Cleveland, North Western, Reading and Fort Wayne, on reports of money being made scarce next week. Pacific Mail Ohio's and the Express shares remained firm. We are gradually approaching the season when money will be needed west, and, perhaps, be locked up for some time, and unless money is secured ahead at low rates, stocks will decline.

Business is very dull, and money more inquired for.

—The New York brokers are said to be, the mass of them, young men, from 22 to 35, and every five years sees an entirely new set. A correspondent gives some of the original names by which they are known. One is called the "Mountain Beer," because he makes such fearful "leaps" sometimes. Another is known as "Uncle Sam's Eagle," because he is a "high-flyer" for the Government. There is a "Little Mouse," who does sly, petty work, and is hard to keep out of the cupboard. "Baldy" can be seen any day flourishing his long arms in the original manner introduced by himself to 'Change. "John of York" is a well-known broker. He was never known to refuse a commission, or permit any margins to be "drawn." "Erie must go up! It must go up! I will make another turn for you," is his argument.

—Assistant Treasurer Van Dyke, of New York, says in reference to recent sales of gold: I deny with honest indignation, every allegation of connection with or favoritism toward any individuals or combinations in the discharge of my official duties. I have studiously abstained from making the Treasury an instrument of oppression or profit to any persons, corporations, or interests. In the large peculiarly trusts with which I am invested, it has been my endeavor faithfully to subserve the interest of the Government, without interference with that of the business community. Honorable as is my position, it was not sought by me. Responsible, confining, thankless as it has proved to be, I am ready to lay it down at any moment, and without a regret. But while faitifully endeavoring to discharge the duties imposed upon us, to the best of our ability, both Secretary McCulloch and myself have the right to ask the confidence and support of right minded citizens, however we may share in the denunciations of the selfish and venal.

Chicago Cattle Market.

[By Telegraph to the Pittsburgh Gazette.]

CHICAGO, O tober 10.—Good and choice grades of Cattle and suitable for butchers are in fair demand and are 15a20c higher with sales at $3,75; there is no demand for shipping Cattle, and prices are entirely nominal. Hoders of Hogs were firm at the opening and a slight advance on yesterday's figures was demanded, but trade was dull, and at the close the mark t was weak; sales were made at $6,50 for stock pigs, and from $7,50 to $8,25 for good smooth lots.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, October 10, 1868.

Business generally has been dull during the past week, and we do not look for any material improvement until after the elections are over, and the political excitement, consequent, has subsided. The time and attention of the business public is almost wholly absorbed in the canvass, and for the time being business is looked upon as a secondary matter; besides, there seems to be a general averson to entering any new engagements, the policy of business men generally being to hold back, and see how the financial policy of the government will be affected by the result of the election.

APPLES—The supply is large and constantly increasing, and the market is dull and drooping; we now quote at $2,50 to $3,50 per bbl, for fair to choice.

BUTTER—Continues dull, with a supply considerably in excess of the demand; may be quoted at 35 to 38, for packed, and 40 for prime fresh roll.

EGGS—In fair demand, with sales at 22c to 23c.

CHEESE—Is in demand and steady, with regular sales at 17 to 20c, according to quality.

HAY—Baled is dull under the influence of increased arrivals, and cannot be quoted above $28 to $30; sale 2 cars at $28.

SEEDS—Flaxseed continues scarce and in demand at $2,50. Timothy Seed is in good supply and dull, at $3 to $3,25. Clover-seed nominal.

POTATOES—Continue dull but unchanged; small sales of Peach Blows and Neshannocks at $1 per bushel, and $3 per bbl. Jersey Sweets are firm and higher—$5 to $5,25 per bbl. Baltimore's $4 to $4,50; and Marrietta's (Ohio) at $3 to $3,50.

CRANBERRIES—Steady, with regular sales of prime cultivated at $15 to $16 per barrel.

MILL FEED—Dull and unchanged at $1,10 for Bran; $1,15 for Shorts; $1,30 for Shipstuffs, and $2 for Middlings.

PROVISIONS—Bacon is firm but unchanged at 13¼c for Shoulders; 16 to 18c for Ribbed and Clear Sides, and 20¼ to 21c for Sugar Cured Hams. Prime kettle rendered Lard is scarce and firm at 21c. Mess Pork, $30,50 to $31.

LARD—Firm and unchanged at $1,25 for No. 2, and $1,50 for No. 1.

GRAIN—There is but little Wheat arriving, though the supply is fully up to the demand; we continue to quote No. 1 Spring Wheat at $1,75 to $1,78, and No. 1 Winter at $2,00 to $2,05. Barley is scarce and decidedly bullish, and we now quote at $2 to $2,10. Rye is scarce and in demand; may be quoted at $1,45 to $1,50. Corn is quiet and unchanged; we are cognizant of sales of mixed at $1,14½, and prime Yellow at $1,15½; it is worth 1 to 2c more for small lots. Oats less active but unchanged at 65 to 66, on track, and 67 to 69c, in store.

WHISKY—Is firm with a steady demand at $1,25 for Rectified, and $1,35 for High-wines.

SALT—Is dull and unchanged at $1,75 to the trade, and $1,90 to $2 for small lots in store.

FLOUR—Continues dull and weak, though prices are unchanged. The demand is confined mainly to supplying immediate wants. Spring Wheat $8,50 to $9,25. The mills continue to quote at $10,30 for Extra Family, in bbls; and $10 in sacks; Double Extra at $11,80 in bbls, and $10,50 in sacks. Rye Flour $8,50.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, October 10, 1868.

REVIEW FOR THE WEEK.

The market has been a dull one during the past week, the sales, in the aggregate, being light, and notwithstanding the week opened up decidedly bullish, prices, within the past two or three days have declined considerably. The receipts of Crude during the week were 23,554 barrels, against 29,530 barrels last week, and from January fist to date 834,420 barrels. The exports of Refined show a decided falling off, 17,069 barrels, against 29,877 barrels last week, decrease, 11,808 barrels; exports of Refined since January first, 541,779 barrels. Thus, it will be seen, that while sales were light, the shipments also fall considerably those of last week. We find, by reference to the gles of the GAZETTE, that on October 12, 1867, Crude was quoted at 14c, on spot, and 12c for first water. Refined sold at 35½c, on spot, and seller's option, all the month; November, buyer, 35 to 35¼c; December, same option, 34c; November to March, 33¼c, and December to February, 33c.

CRUDE.

The market was again exceedingly quiet to-day, not a single sale reported, though prices are nominally unchanged. Spot oil may be fairly quoted at 12 to 12¼ on spot, and 12 cents for all this and next month, sellers option. All the year sellers option may be quoted nominally at 11¾, and same delivery, buyers option, 12 to 12¼. The first half of 1869 is nominal at 10. The demand this week has been confined almost entirely to October and November, there being but little inquiry beyond these months, and it is true that there is but little offering. There has been less change in Crude during the week than in Refined; the former has only dropped about ½ to ¾ of a cent while the latter has declined full two cents.

REFINED.

The Refined market was also very quiet to-day, but two sales reported: 1,000 bbls first half October at 29c, and 500 last half at 30c. November is nominal at 30c—no price mentioned for December. The sales of Refined have been exceedingly small during the week, and even at the decline above noted, there are but very few buyers. And what is still more remarkable is the fact, that the great proportion of the oil sold during the week was bought here from Philadelphia sellers. Usually Pittsburgh sells oil to Philadelphia and New York, but this week the order of things in this respect has been reversed. There is considerable inquiry from the west, and a considerable amount has been sold during the week at 26½ to 27c, delivered on cars here.

GEN. NEGLEY'S MILITARY SERVICE.

In a speech lately made by Col. ARCHIBALD BLAKELY, he said:

It is not for me to speak of Gen. Negley as a man and a citizen. You have been his neighbors and associates from his childhood.

It was my fortune to first meet Gen. Negley on the tented field, and to serve with him while he remained in active service.

Nor would it be proper in one who occupied so humble a position as I did in the military force of the nation to criticise, or decide upon the merits or demerits of Gen. Negley as a commander.

But this I do know; that his heroic defense of the flag of his country, while yet a stripling, on the fields of Mexico, won him the commission of Brigadier General when the nation called for troops in 1861—a commission which was the voluntary bestowment of the State and nation.

And I further know that, sword in hand, he won his Major General's commission by skill and bravery at Stone River—one of the most terrific battles of the war.

We have seen this, that Negley won his stars in that baptism of fire where patriots are found in the day of their country's peril. I ask, who of his calumniators have done as much?

Again, my friends, *I* know and *you* know, that all that Gen. Negley had of fortune, of ability, of heart and mind, and life, he freely offered on the altar of his country, that you and I and our children, and our government might live. I ask who of his calumniators have done as much?

I further know, and all the soldiers of Gen. Negley's command know, from the beginning to the end of the war, no troops were fed or clothed as were the brigade and division of Negley. We had enough, and to spare, while others suffered from hunger and cold.

While memory lasts I shall not forget the morning of Monday, Sept. 21st, 1863. The army of Rosecrans had left its base, and boldly struck out across the Tennessee river and over the sand mountains of Alabama, and the Lookout range of Georgia, and without rest engaged the combined armies of Bragg and Longstreet in the valley of the Chickamauga.

For three years we struggled against fearful odds, and on the afternoon of the beautiful Sunday of September 20th we were defeated.

That evening Gen. Thomas took a commanding position and held the enemy in check, and during that night our shattered army was assembled at Rossville Gap.

Our march had been long and tedious, and transportation difficult, and the battle had been severe, and our supplies cut off. But few troops had anything left to eat. Not so with the Division of Negley. His foresight and prudence had provided for our wants, and we had plenty, and to spare, to the starving troops around us.

The statistics of armies and of wars show that disease from exposure and lack of food, is a greater enemy to the soldier's life than the bullet.

When the calumniators of General Negley have done as much for their country as he has, they may speak—till then, silence best becomes them.

To the Republican Voters of Allegheny County.

The Republican Allegheny County Executive Committee respectfully submit the following suggestions relative to the election of Tuesday next, and earnestly invite the attention of all our friends throughout the county to them:

1st. See that the polls are opened in every district at the earliest hour named by law, and that they are kept open until the latest hour. The polls may be opened at any time from 8 to 10 o'clock A. M., and must be closed at 7 P. M. If full Boards are not present at 8 o'clock, A. M., see that the vacancies are filled and polls opened at 9 o'clock A. M.

2d. Poll the Republican vote as early as possible in every district, keeping lists as nearly correct as practicable while the voting is going on, of all who have voted.

3d. Be prepared with full and perfect lists of the names of every Republican voter in the different districts, and not later than 3 o'clock, P. M., commence sending out and bringing in, and seeing that all Republicans vote whom your lists show have not yet been at the polls.

4th. Have competent and proper men in every district as challengers, and especially have numerous and efficient Block Committee, (and so arranged that they may be relieved from time to time,) who will be responsible for every Republican vote in their respective blocks and districts.

5th. Have our friends pay particular attention to persons offering to vote on naturalization papers, and especially to every person attempting to vote on a Luzerne county naturalization certificate, or on a naturalization certificate issued by the Supreme Court of Pennsylvania, and bearing date since the 1st day of September last.

6th. To avoid danger of colonization and of illegal voting by persons colonized, be especially careful in scrutining the papers of, and in looking to the assessments of all persons who have lately moved into the election district where they may offer to vote, and about whom and whose former residence little is known.

7th. Whenever an attempt is made to vote illegally, or a vote is cast by any person not having proper papers and not a legal voter of the election district, have the offender promptly arrested.

8th. The following abstract as to qualifications of voters, proof of age, &c., is ESPECIALLY commended to the attention of the voters:

QUALIFICATION OF A VOTER.

1. He must be a native or naturalized CITIZEN of the United States, of the age of TWENTY-ONE YEARS or more.

2. He must have resided in the State at least ONE YEAR, and in his election district at least TEN DAYS immediately preceding such election, and have paid, within two years, a STATE OR COUNTY TAX, which had been assessed within two years and at least ten days before the election.

EXCEPTION.—Persons VOTING ON AGE, (being under twenty-two years of age,) may vote without being assessed and without having paid such tax. This exception does *not* extend to naturalized citizens.

3. All persons citizens of the United States formerly qualified voters of this State, but who had removed therefrom and returned, and who have been duly assessed and paid taxes, as herein before indicated, are entitled to vote after six months residence in the State.

PROOF OF AGE.

Age may be proved by the oath of the person offering to vote, or by other legal evidence.

PROOF OF RESIDENCE.

Residence within the State may be proved in the same manner as age, *but the fact of residence within his proper election district* MUST BE PROVED by his own oath and the testimony of at least one qualified elector and competent witness. The residence must be *bona fide* and not simply for the purpose of voting. IN CASE OF REMOVAL within ten days before the election he may vote in the district from which he removed.

PROOF OF NATURALIZATION.

The only evidence of naturalization is the *certificate thereof under the seal of a competent Court*, produced to the election officers. ITS LOSS AND CONTENTS CANNOT BE PROVEN in any case.

EXCEPTION—Where a naturalized citizen shall have been a citizen and resident of the district where he offers to vote *for at least three years* next preceding the election, his own oath (without production of any certificate) shall be *prima facia* evidence of naturalization.

IDENTITY.

Although the certificate is evidence of naturalization, yet the person offering to vote MUST, IF REQUIRED, PROVE BY LEGAL EVIDENCE (not his own oath) that he is the IDENTICAL PERSON named in such certificate.

PAYMENT OF TAXES

May be proved by the production of the receipt for the payment of the tax and oath of the person himself or other competent witness. If he fail to produce such receipt he must make oath to the payment of a tax. If required, the *genuineness of the receipt* must be proved.

OPPOSING EVIDENCE.

Evidence may be produced against any person claiming the right to vote, or to contradict the evidence in his behalf.

GENERAL MATTERS,

Any election officer or qualified elector has the right to CHALLENGE any person offering to vote; and, when objection is thus made, IT IS THE DUTY OF THE INSPECTORS TO REQUIRE SUCH PERSON TO PROVE HIS RIGHT TO VOTE. The testimony must be satisfactory to the Inspectors.

Where there are more names on a TICKET than there ought to be, the ticket should be rejected.

THE POLLS should be closed at the proper hour regardless of the fact whether or not all persons present have voted.

TEMPORARY ABSENCE on public business or in the military service does not disqualify a voter.

NATIVE CITIZENSHIP must be proved when such proof is required by either of the Inspectors or by any qualified voter.

Our Vine-Clad Hills.

We have high authority in condemnation of the folly of putting old wine in new bottles, and we have, therefore, only admonished against any effort to say anything new about the vine or its products. When the diluvian patriarch, old Noah, following what, no doubt, had been the fashion of that primitive day, gave the highest proof of his abhorrence for the more vulgar fluid, water, which had done so much mischief to the human race right before his venerable eyes, by preferring afterwards to "moisten his own clay" with the juice of the grape, we must admit that this generous fruit, with all the abundant consolations it is able to afford, has a history coeval with the annals of the world itself. It would be a rash presumption, therefore, to fancy that, at this late day, anything novel remains to be said or written of the vine and its relation to the pleasures, the comforts, the appetites, or the needs of mankind.

Granting this much, it is curiously worthy of note, nevertheless, that the vine has ever been associated with the existence of the higher civilization of the race. The deluged world had scarcely become habitable again, when patriarchal wisdom, at an era when no barbarians lived, stretched forth a hand to grasp and press the juicy clusters of its fruit. In all succeeding ages, to this hour, the culture of the vine and the study of all its uses has been exclusively the province of only the superior branches of our race. Thus we see, now, that it is confined to civilized people, while so much of humanity as may have lapsed into barbarism lives in ignorance of its nature and its exact adaptation to human necessities. The nations of Christendom are the only vine-growers and wine-makers, while the savages of the race, and the semi-barbarians of the far East are ignorant of the grape, and intoxicate themselves, not with wine, but with ruder and less generous fluids.

Ever a favorite fruit with the noblest of the human family, the grape has repaid culture by corresponding improvement, and it is easy to believe that neither Noah nor many a succeding generation knew aught of its natural qualities, to compare with the magnificently developed fruit of later times. In all the grape growing districts of the earth, the patient and skillful assiduity of man has been rewarded by successive and marked improvements in the culture and in the products of the plant. Each nation and region of the earth have their favorite varieties and peculiar methods of treatment. The grape which thrives best under one climate is found to be ill-adapted for another. Transplanted, it loses its original superiority, and the methods which one nation finds most successful, result disastrously when applied to the products of another land. Of the more than *seventy* well marked and distinct varieties of the grape we saw on Wednesday displayed upon the tables of Mr. Knox, our fellow-citizen, and the most eminent horticulturist in America, more than half were of a quality so superior as to elicit unqualified admiration from a large company of experts present to inspect them, and yet perhaps not one of these varieties would bear trial for a generation in Italy or France. So the foreign grapes which have been introduced here have speedily been found, no matter how deservedly appreciated in their native lands, to deteriorate under an American sun, and their culture is abandoned.

But it concerns us to know only what varieties thrive best with us, promising the best returns to our vine-growers and the largest gratification to consumers. In this department of duty, Mr. Knox has made for himself a specialty, and has discharged it with his characteristic success. On Wednesday he exhibited to a large number of gentlemen, most of whom are also engaged in similar pursuits, a magnificent display of results achieved by his science and patient study. His Concords, Delawares, Marthas, Catawbas, Ives' Seedlings, Ionas, Israellas, Crevelings and Hartford Prolifics were especially fine. Of Rogers' Hybrid, he exhibited no less than *twenty-two* several varieties, each having some peculiar characteristic of its own. And the unanimous judgment of all present awarded to him the highest compliments for the practical intelligence which has been crowned with such an unmatched success.

The Deleware holds its place, as ever, the first of table grapes. The Concord stands next in public estimation. The Martha, a white grape, rich in sweetness and high in bouquet, promises soon to rival them both. Of these and of other favorite sorts, Mr. Knox is shipping largely to Eastern markets, his daily invoice in the heighth of the season having gone as high as seven thousand pounds.

It is not many months since we bore a cordial testimony to the enterprise and sagacity of our fellow-citizen, in the department which he has made his own. We need not renew that just tribute now. Let us rather allude to a new and most gratifying feature in his business. The wants of the race are not all physical; he has been mindful of a higher need and nearer home. With this in view, he has just completed, in the midst of his vineyards, an elegantly arranged and decorated chapel, seating two hundred persons in comfortable pews, with desk, altar and an excellent cabinet organ. Here, the hundreds of persons who are supported by his employment, are to be regularly supplied with the ministrations of Divine worship. In all his beautiful estate we saw nothing to mark a nobler philanthropy or a more enlightened perception of his higher responsibilities. And his reward, may we hope, shall endure, after all other things of earth are worthless to him forever!

Pleasant Valley Railway Opening.—The Board of Directors of the Federal street and Pleasant Valley Railroad have authorized the opening of the road to-morrow. The first car will start from the upper end of the road on Tuesday morning, at half-past five o'clock, and four cars will be put on to run regularly from thence out. The road promises to pay largely.

Passenger Railway Opening.—The Federal Street and Pleasant Valley Passenger Railway will open for business to-morrow. Five cars will make regular trips during the day, and daily thereafter. The road is well constructed, runs through a section of Allegheny, which is being rapidly built up, and with careful management, should amply remunerate the stockholders.

Runaway in Allegheny.—About 10 o'clock Saturday morning a horse attached to a spring wagon, belonging to Messrs. McFarland, Collins & Co., took fright on Anderson street, Allegheny, and ran away, pitching the driver out and badly damaging the vehicle. The driver was somewhat bruised but not seriously hurt. The animal was checked, after considerable difficulty, before any further damage was done.

North Avenue M. E. Church.—This costly and imposing edifice, located on the corner of North avenue and Beaver street, Allegheny, was dedicated with appropriate services yesterday. Our reporter prepared a full description of the building, with an account of the dedicatory services, but owing to the near approach of the State election we are unusually crowded with political matter, which compels us to lay the article over until to-morrow.

Serious Fall.—On Friday evening, Charles Moore, a resident of New York, in attempting to walk over the trestle work of the Western Pennsylvania Railroad, between Federal and Anderson streets, Allegheny, missed his footing and fell through to the ground. By the fall he broke his jaw bone in two places, dislocated his arm, and knocked out several of his teeth. He was picked up and taken to Passavant's Hospital.

Burnell's Museum.—This favorite place of amusement commences its regular fall and winter season to-day, by introducing to the notice of the public the greatest of living wonders, the *double* or *four legged* child. It will remain but a very short time, and every one should avail themselves of the opportunity of witnessing the most astonishing freak that has ever been brought to the notice of the world. The child is accompanied by its parents. A descriptive lecture will be given every few minutes during the day, and the mother will be present at all times to entertain the ladies and answer all questions propounded by them.

A Collision.

A collision took place on the Allegheny Valley Railroad, near Scrubgrass Station, about six o'clock yesterday morning, between two express trains, by which one man was fatally injured and the engines and several cars badly wrecked. It appears that the train running north, which left the city at 7 o'clock P. M. Saturday, was at the time of the accident about three hours behind time, and the train south having been detained at Oil City about four hours, was also behind time, and, in railroad parlance, was "running wild." Each train had several oil cars between the engine and the passenger cars, and when the collision occurred the greatest force of the shock fell upon them. The passenger cars sustained no damage, and none of the passengers were injured. Richard Snyder, fireman on the train coming south, was crushed between the engine and tender, and so severely injured that he died about twelve o'clock yesterday. The engines were both thrown from the track and considerably damaged. Several of the brakemen were slightly injured but none of them seriously. Mr. King, the Assistant Superintendent of the road, left this city for Scrubgrass yesterday morning, but had not returned at a late hour last night.

Meeting in Robinson Township.

The Republicans of Robinson Township held a grand mass meeting at Bryan's Hotel, Broadhead Fording, Saturday evening. The meeting was one of the largest held out of the city during the campaign, there being over three thousand voters on the ground. The Grant Clubs from the Second, Fourth, Seventh and Eighth wards of this city were present, and a delegation from Chartiers township, numbering over five hundred men, came in twenty-five wagons. The meeting was called to order by Mr. James McGunnigle, who announced the following officers:

President—David Hearse.
Vice President—John Sheer, Henry Johnston, Jos. L. Duff and James McNight.
Secretaries—David McGunnigle, W. R. Brown, and Jno. A. McKee.

The meeting was then ably addressed by J. W. Murray and C. W. Robb, Esqs.

After the speakers had concluded, Mr. McGunnigle, on behalf of Chartiers township, presented the voters of Robinson township, in a neat and appropriate address, a beautiful silk flag.

The meeting then adjourned.

Rally at Tarentum.

On Saturday afternoon and evening last a grand Republican meeting was held at Tarentum. The Tanners Clubs of Freeport, Natrona, East Deer and Tarentum took part in the display. Also, a club of Hussars from Plum township.

The following officers were appointed:

President—Capt. A. B. Kipp.
Vice Presidents—G. M. Morrison, James Dickey, L. Peterson, Sr., James McCall, Dr. T. Galbreath, W. V. Evans, John Kennedy, Sr., Robert Gilliford, John Karns, Hugh Wood, Joseph Fisher.
Secretaries—J. C. Dunn, Capt. R. D. Humes, James Lacy.

In the afternoon H. H. McCormick, Esq., of Pittsburgh, made an argumentative speech of great force and beauty.

In the evening Mr. F. B. Penniman, of Pittsburgh, delivered an address.

In the evening there was a magnificent torchlight procession, and the whole affair passed off with the greatest enthusiasm.

Braddocks Borough.

The old Fremont excitement is awakened in this borough. Last Friday night saw such an outpouring as has not been seen there since Bradford held the first Democratic meeting in that neighborhood more than half a century ago, when the tax on whiskey threatened to cut off the supplies of his friends.

Fremont, speeches were made by C. W. Robb, John F. Dravo and Alex. Watson.

The town was illuminated and a grand parade of Tanner Clubs, headed by a brass band and followed by scores of enthusiastic citizens, thronged the streets. McKeesport sent a large delegation and the excellent singers of their club awakened the wildest enthusiasm.

A Democratic meeting held the same night fizzled out for want of listeners and made a dreary ending.

Braddocks is loyal to the core, and remembers what her soldiers fought for.

Mass Meeting in West Elizabeth.

A large mass meeting of Republicans was held in West Elizabeth, Friday evening last. Fully two thousand people were in attendance, and the occasion was one of great excitement and enthusiasm. Delections of Tanner Clubs from Elizabeth, Pine Run, Drayosburg, Jefferson township and Washington county were present, and helped to swell the gathering. Pope, the campaign songster, interspersed the exercises with some of his inimitable songs. Speeches were made by Hon. Russell Errett, Rev. Mr. Calkins and Hugh Donaldson, Esq. The meeting was a perfect success, and did much to strengthen and encourage the Republicans of that section, who will give a proper account of themselves to-morrow.

Grant Hussars.

At a meeting held on Saturday evening of Company A, Grant Hussars, the following resolution was adopted:

Resolved, That the Company turn out in the procession (of this evening.) Company A *will not* wear white gloves, red flannel Custar tie, 4 inches wide, or two yellow tripes on the outside of their pantaloons, but will wear the regimental uniform of the organization. Any member not present at the meeting wishing information will please call on Capt. D. Dunseath, Jr., No. 56 Fifth avenue. The Company will form in front of Hare's Hotel at 7 o'clock sharp. Every member is expected to turn out, as they hope to muster one hundred and fifty men strong.

Mifflin Township is up and doing, as was evidenced by the large and enthusiastic meeting held on Saturday evening, at the house of Mr. David Calhoun. The meeting was presided over by W. J. Snodgrass, Esq., Henry Large, Esq., Vice President, and Mr. Robert Calhoun, Secretary. Able and argumentative speeches were made by Messrs. Thos. Ewing, and H. H. McCormick, of this city. The meeting was spirited, and a torchlight procession was one of its features.

Fourth Ward Allegheny Club.—At the last meeting of this Club, Capt. McClure resigned, having been promoted to Lieut. Colonel of the 1st Regiment, and J. Allison Trainor was elected in his stead.

On motion, Colonel J. D. Owens was chosen Chief Marshal of the ward.

The Club will meet at half-past six o'clock this afternoon, to join in the procession, and will act as escort to the oil men.

Court of Quarter Sessions.

[Before Judges Sterrett and Stowe.]

SENTENCE DAY.

Saturday [illegible] day, the Criminal Court convened at ten o'clock, Judges Sterrett and Stowe on the bench, when the following cases were disposed of:

Peter Kellar and Geo. Raubb, convicted of aggravated assault upon Mrs. Dake, were brought into Court, when the motion for a new trial in the case of Raubb was called up for argument, Mr. Mueller, defendant's counsel, advocating the motion, and Messrs. Woodward and Wilson opposing it. A witness was called in support of Mr. Mueller's statement, that the injuries of Mrs. D. had been exaggerated, and testified that she had seen Mrs. Dake looking out of the window the week following the affair. Raubb was remanded to jail.

Kellar was then called up for sentence, and when asked by the Court if he had "anything to say," &c., replied in the negative. He was then sentenced to undergo an imprisonment in the Western Penitentiary for the term of three years.

Frederick John Deitz, who plead guilty to five indictments for larceny, was next called up for sentence. He was sentenced on three of the indictments to two years imprisonment in the penitentiary on each of them, and the Court suspended sentence on the other two. He consequently goes for a term of six years, with a prospect of four or five more at the expiration of that time unless he conducts himself properly.

James Ellis, a colored boy, who plead guilty to an indictment for larceny, Louis Ledderer prosecutor, was sentenced to sixty day days imprisonment in the county jail. The prisoner having been in jail awaiting trial since the third of June, the Court thought the sentence should be light.

Jacob Born and John Shaler, both convicted some time since on indictments for selling liquor on Sunday, were each sentenced to pay the costs of prosecution, a fine of seventy-five dollars to the directors of the poor of the county and to undergo an imprisonment of ten days in the county jail.

William Phillips, indicted for the larceny of a pocket book and money, William Anderson prosecutor, having plead guilty was sentenced to the penitentiary for one year.

Arnold Ingram, convicted on an indictment charging him with the larceny of shingles from Patterson's lumber yard in the Fifth Ward, Allegheny, when called up for sentence, asserted his innocence in such positive terms that the Court suspended sentence for the present, and the prisoner was remanded to jail.

Fatal Accident.

A most shocking accident, resulting in the death of William Chalfant, a brakeman on a stone train on the PanHandle Railroad, occurred on Saturday evening, at or near Broadhead Tunnel, several miles west of the city. The deceased, it appears, had been on the road about three weeks, and on Saturdsy, at half-past three o'clock, the train upon which he was braking being loaded with stone left the quarry to come to the city. Chalfant was on the third car from the front and was sitting on the hind car with his feet hanging down between the cars. The train reached the tunnel about four o'clock, at which time he was seen to fall forward, drop between the car on the track and the wheels of the next car passed over his body, mutilating it in a most shocking manner. The brakeman at the rear end of the train also saw him fall, and through him the train was stopped. The mutilated remains wese removed to the city by Mr. Devore, yesterday morning, and Coroner Clawson held an inquest when the jury returned a verdict of accidental death. Deceased was about eighteen years of age and was a native of Athens county, Ohio. His remains were removed to Steubenville for interment.

Amusements.

To-night, after the lapse of several consecutive seasons in which he did not appear in this city, much to the disappointment of our people, the great Yankee comedian, John E. Owens will commence an engagement of two weeks at the Opera House. Mr. Owens has ever been a great favorite here with lovers of the drama, and we expect to see the Opera House crowded to its utmost capacity during his engagement. To-night the play of Solon Shingle, or the People's Lawyer, and those persons desiring to get up a good stock of humor for election day, should be present. We take occassion here to thank Manager Canning for bringing Mr. Owens to the city, as the engagement is new evidence of his desire to cater in the right manner to the enjoyment of amusement lovers.

Alleged Perjury.

We made mention the other day that a number of persons from Johnstown had been naturalized in the Court of Quarter Sessions for Allegheny county. The reason given for coming here, was the adjournment of the proper court in Cambria county. On Saturday John Cox made information before Alderman Strain against one of the parties, named Samuel Proctor, for perjury. The prosecutor alleges Proctor made oath that he was a native of England, and had been in this country for five years, whereas he had been here less than two years. Proctor was arrested and committed in default of $1,500 bail for a hearing to-day. The same prosecutor also charges J. W. Lewis with perjury in vouching for Proctor. A warrant was issued, but he has not yet been arrested.

An Elegant Silk Flag

Displayed in McFadden's window was visited on Saturday, and greatly admired by large numbers of ladies and gentlemen. The flag is the handiwork of the loyal ladies of Allegheny. The material is of the finest texture, and the needlework and emblazoning are exquisite. This magnificent emblem of our nation's glory is to be presented to the ward, township or precinct that shall in this evening's procession parade the largest number of voters relatively to the vote of the district in to-morrow's election. We understand that fifteen or twenty precincts are severally sanguine of securing the flag. We wait to congratulate the district that shall entitle itself to this splendid trophy of a contest waged in peace and for the sake of peace.

Railroad Courtesies to the Public.

The managers of the leading railroads entering these two cities have displayed marked regard for the accommodation and convenience of their patrons who were desirous of participating in the political demonstration of both parties, Their kindness should be remembered. Following the rule, the Leetsdale Accommodation train, P. Ft. W. & C. R. R., that usually leaves at 10:30 P. M., will not leave until 11:15 o'clock, Columbus time, in order to accommodate those who will participate in the grand torchlight procession in Allegheny to-night. For the same purpose an extra train on the Western Pennsylvania Railroad will leave at 12 o'clock, sharp, to-night.

The Demonstration.

The grand closing demonstration of the State campaign, the torchlight procession in Allegheny City, promises to be a most magnificent affair, so far as numbers are concerned, and we have no doubt our patriotic and enthusiastic neighbors will make a grand display. To enable them to do so, our enterprising and ever active friend, Pittock, opposite the Postoffice, has laid in an immense stock of flags, lanterns, etc., for decorating houses, from which the most fastidious cannot fail to make a selection. Those wishing to purchase should call early, as there will doubtless be a great rush for goods of that description. Remember the place is at Pittock's, opposite the Postoffice.

County Commissioner.

MESSRS. EDITORS: The *Chronicle* of Saturday afternoon contains an outrageous at- [illegible] because of its difficulty *Black* Republican"—if a Republican at all, which I much doubt, he is indeed *black*, and *very* black at that—upon Jonathan Neely, our candidate for County Commissioner. It is not necessary to say to those who know Mr. Neely well, that there is no truth in any of the libellous insinuations of that anonymous scribbler. The best answer to all such attacks is the estimation in which Mr. Neely is held in his own immediate neighborhood. He has lived for more than twenty years in Lower St. Clair township, now the borough of Mount Washington, and during all that time he has merited and received the confidence of his neighbors of all parties by holding offices of trust and responsibility. Before the creation of the borough of Mount Washington Mr. Neely, always a consistent Whig and Republican, was regularly, every spring, elected to the most responsible offices in the township, although largely Democratic. The first and second time he ran for County Commissioner he received, out of a large vote in that township, all the votes cast. As Tax Collector and Constable he was never known to oppress a poor man or to let the township suffer. He never was defeated at a primary meeting, or at an election, and the vote his neighbors of all parties will give him to-morrow will give the lie to his libellers.

MT. WASHINGTON.

National Lincoln Monument.

PITTSBURGH, Oct. 10, 1868.

F. B. Penniman, Esq., Editor of the Gazette:

DEAR SIR:—Allow me to correct the statement in to-day's GAZETTE in regard to *the expenses of having placed on the National Lincoln Monument, to be erected at the Capital of the Nation, a bronze colossal statue of Hon. Edwin M. Stanton.*

The estimated expense of the statue is to be $12,000, one-half of which will be contributed by the Government in the form of material, being rebel cannon, of which there is an ample supply for all the figures to be placed upon the monument.

The work upon the statue of Mr. Stanton is to cost $6,000, one-third of which sum ($2,000) it was proposed to raise amongst his friends and neighbors in Pittsburgh, and the balance in New York, Philadelphia and elsewhere. Having contributed promptly our portion, we confidently rely upon the loyal sentiment of our countrymen in other places to complete the subscription.

Very respectfully yours, &c.,

JAMES M. COOPER.

Lamble, Esq., one of the most promising young members of the Pittsburgh bar, was called upon and delivered an address, which was admitted by all who heard him to be one of the ablest and most convincing speeches of the campaign.

The meeting then adjourned.

Fistula of the Bowels.

This is a most serious disease, not on account of the immediate danger which accompanies it, but because of its difficulty of cure, and the sad constitutional changes which it induces. No one can have fistula without the general health suffering to a very great degree, and these changes in the health are frequently a cause of fistula itself, for we have known the disease sometimes cured by a thorough restoration of the general health. We have in our mind the cure of a case of fistula, and it is now nearly a year since the cure was effected, and the gentleman is in the fullness of health and vigor. He had become attenuated and weakened, and very much debilitated. His appearance now indicates twenty years of a renewal of life and energy. It is that of ANDREW ZEITZMAN, of South Pittsburgh, a respectable coal dealer of that place, who had suffered for a long time with the disease. His cure is perfect and thorough, and no trace of the malady remaining. The cure was performed by Dr. Keyser, by an operation almost painless in its character, and without the use of cutting or the knife. Fistula is a disease that is very insidious in its approach. It comes on like a boil: pains, throbs and then breaks and discharges matter or pus; and the fistulous opening is completed, never to get well unless under the skill of one who has studied and investigated its cause and cure. Many of our people, when suffering under this disease, have been indnced to go off, far from home, in the belief that they would be better and more skilfully treated. This is not the case. Under Dr. KEYSER'S plan of treatment, every case will get well, and without the long absence, to say nothing of the additional expense of travel and other inconvenience incident to a strange residence. What is here said of Fistula and its remedial management, may be also said with regard to Piles and Hæmorhoids, and other painful affections of the lower bowels. Every one of them is within the scope of rational treatment, and those who have suffered for years, rather than throw themselves into the hands of the knife, have borne it with patience and fortitude. Dr. Keyser, with a commendable zeal for the amelioration of human suffering, has completely mastered this once terrible malady, as well as many others which have usually been little cared for by the medical practitioner, whose time is almost solely occupied with the treatment of acute diseases.
